- 854 _____ Four DR BARTON wooden molding planes: twin iron 1 1/4-inch nosing plane; #16 hollow; #6 round; and a 7/8-inch ogee with owner added fence, very good.
- 855 _____ Gage G4C iron smooth plane, nice rosewood tote and knob, very good overall.
- 856 _____ Pair of Ohio Tool 1-inch handled tongue & groove planes, both complete and very good; and a 3/4-inch Ohio Tool dado, complete and very good.
- 857 _____ Gage #4 1/2 wide transitional smooth plane, tote spur broken where screw from top plate goes thru, very good overall.
- 858 _____ Four wooden planes incl. coffin shaped low angle; Ohio Tool side bead missing part of the boxing; Ohio Tool No. 37 that has been reworked; and a nice AUBURN TOOL CO 1/2-inch side bead.
- 859 _____ Gage #4 transitional smooth plane, complete and very good overall.
- 860 _____ Six wooden molding planes including Ohio 5/16-inch side bead, boxing has been reglued; AUBURN 1-inch tongue cutter; Auburn grooving plow; Ohio Tool 7/8-inch table joint plane; No. 105, 3/16-inch side bead; and Ohio 3/8-inch side bead.
- 861 _____ Stanley BEDROCK #604 1/2C FT smooth plane, good BB-logo blade, nice rosewood tote and tall knob, BEDROCK single-line lever cap, complete and fine.
- 862 _____ Unusual Steel framed butcher saw with 14-inch blade, faint makers mark struck in frame, nice wooden handle with three brass saw nuts, very good overall.
- 863 _____ Stanley Bedrock #605 1/4 FT that has a crack all the way thru right side at throat, has initials of high school it belonged to on same side, tote broken and glued at base, good rosewood knob, frog was painted orange but much is worn off. Weld the crack for a good user or part it out.
- 864 _____ Big Henry Disston & Son 28-inch 5 1/2-ppi rip saw, will clean to very good overall condition.

- 865 _____ Stanley #605 1/2C BEDROCK FT wide jack plane with good rosewood tote and tall knob, nice STANLEY BED ROCK lever cap, frog has been broken and crudely welded, can be restored to usable condition.
- 866 _____ FINE Henry Disston American Boy 20-in. panel saw with very good etch, little used, very good overall.
- 867 _____ Stanley R&L CO. BEDROCK lever cap, Q-logo blade, very good overall.
- 868 _____ Nice Disston K2 Keystone Speedsters saw, 26-in. 8ppi blade, very good etch, very good overall.
- 869 _____ Stanley BEDROCK #608 FT iron jointer plane, complete and very good.
- 870 _____ Unusual and early Tyzack Sons & Turner butcher saw, 16-inch blade, three split nuts securing the good handle, nice Elephant logo, very good overall.
- 871 _____ Disston D8 24-in. 6ppi crosscut saw with brass plate below handle with JULY patent date, needs cleaning.
- 872 _____ Massive 6-inch 2-iron cornice plane by Pete Callen Milwaukee, like new condition.
- 873 _____ Four wooden Auburn Tool Co. planes: 8-inch coffin-shaped smooth plane, very good; 1 1/4-inch skewed rabbet missing nicker, good overall; 1/4-inch side bead, very good; and #16 hollow with partial blowout at mouth.
- 874 _____ Millers Falls No. 22 iron jointer plane with tropical hardwood (rosewood or cocobolo) tote and knob, fine blade fine overall.
- 875 _____ Pair of Sargent iron rabbet planes; #38 1-inch iron rabbet plane with intact depth stop, very good; and a rusty #79 similar to a Stanley #78, this one is missing the fence and depth stop, will clean to usable condition.
- 876 _____ Millers Falls No. 22C BG iron jointer plane, complete and fine.
- 877 _____ Sargent #409 smooth plane and #414 iron jack plane, both have Sargent name cast into lever cap.
- 878 _____ Millers Falls No. 18 iron fore plane, a few small chips in paint, fine overall.
- 879 _____ knuckle jointed lever cap, very good; #307 complete and very good; and a #217 that is complete and very good.
- 880 _____ Millers Falls No. 67 iron router plane with throat closing attachment, with single V-shaped blade, fine overall.
- 881 _____ Sargent #196 iron rabbet plane complete with depth stop and original blade, fine overall.
- 882 _____ Pair of Millers Falls iron jack planes: #14 with pine handles, appears to be a late manufacture, complete and fine; and an earlier #14C that is complete and fine.
- 883 _____ Sargent #1085 (similar to Stanley #55) missing the sliding section, but the main frame is intact, both fences are here and it is still a functional plow plane, and comes with canvas roll with one short rod and sash, match, bead, plow and complex blades.
- 884 _____ Millers Falls #11-13 junior jack plane, same size as Stanley #5 1/4, this one is complete and fine.
- 885 _____ Pair of Sargent scraper planes including a Sargent #53 (similar to Stanley #81) with wooden bottom, there is no blade, very good overall; and a #44 that is similar to a Stanley #12 1/2, blade is improper, very good overall.
- 886 _____ Millers Falls No. 10 wide smooth plane, has number cast into bed behind frog, MILLERS FALLS name cast in bed around knob, some japanning loss in bed, good rosewood? tote and knob, will clean to very good overall.
- 887 _____ Two Sargent #5205 planes: one with knob on body, very good overall; and one with knob on lever cap, very good.
- 888 _____ Millers Falls No. 9 iron smooth plane, complete and very good.
- 889 _____ Unusual Sargent #52 long handled scraper, edges of blade covered with masking tape, very good overall.
- 890 _____ Millers Falls No. 85 rabbet & fillister plane, complete with fence and depth stop, fine overall.
- 891 _____ Millers Falls Alford's patent hand vise, complete with bitstock attachment and others inside, complete and fine.
- 892 _____ Millers Falls "Perfection" jointer gauge in original box, gauge is complete and fine, box is worn at edge but labels are legible and good.
- 893 _____ Millers Falls No. 9C smooth plane, complete and fine. (just to right in photo with Buck Rogers)
- 894 _____ Millers Falls No. 8 smooth plane, maple tote and knob, very good overall; and a #8C with tropical tote and knob, complete and fine overall.

- 895 _____ **Scarce Millers Falls No. 709 "Buck Rogers" smooth plane, complete and very good.**
- 896 _____ Millers Falls No. 97 breast drill, has handle that can be indexed into other positions, ratcheting, 3-jaw chuck, very good.
- 897 _____ Scarce Millers Falls No. 07 rabbeting block plane, complete and fine overall.
- 898 _____ **Stanley #888 Assortment C? oak tool chest with drop down lid and removable tray, the leather handle is missing but the hardware to mount a new one is present, very good overall.**
- 899 _____ Stanley #33, 28-inch transitional jointer plane Type 11 with good Q-logo blade, complete and very good overall.
- 900 _____ Disston No. 12 26-in. 8ppi crosscut saw, complete and very good.
- 901 _____ Stanley #32, 26-inch transitional jointer plane Type 11, very good Q-logo blade, very good overall.
- 902 _____ Millers Falls bullnose rabbit plane, complete and very good.
- 903 _____ Two Stanley transitional bench planes: #29, faint Q-logo at top of lightly pitted blade, tote spur reshaped, good overall; and a Stanley BAILEY #28 with good Q-logo blade, complete and very good overall.
- 904 _____ Stanley #85 tilting handle scraper plane, has good unmarked blade, fine rosewood tote and knob, very good japanning, fine overall.
- 905 _____ Pair of #27 1/2 wide transitional jack planes including one with the BAILEY name cast into the front of the frame, both very good.
- 906 _____ **Spiers Ayr rosewood stuffed infill smooth plane, closed tote is cracked thru and has a screw up thru the bottom to hold it together, good William Ash blade, several patches of moderate rust on bottom that will likely result in light pitting when removed, can be restored to usable condition.**
- 907 _____ On left is a Stanley BAILEY #26 with SW-logo blade, tote broken and glued at base, japanning has been enhanced, very good overall; and a Stanley #27 with good Q-logo blade, nice tote and knob, very good overall.
- 908 _____ Stanley #72 razor shave, ears on cutter are fine, japanning is 60 percent plus, very good overall.
- 909 _____ Three Stanley transitional bench planes: Stanley BAILEY #26 with BB-logo blade, complete and very good; and a Stanley BAILEY #35 handled smoother with fine V-logo iron, complete and fine; and a Stanley BAILEY #24 with good T-logo blade, complete and very good.
- 910 _____ Stanley #144 3/8-in. corner rounding plane, complete and very good.
- 911 _____ Absolutely gorgeous 24-inch Stratton Bros No.1 brass-bound mahogany plumb & level, complete and fine.
- 912 _____ Stanley #10 carriage makers rabbit plane, nice T-logo blade, rosewood tote has been broken and glued, very good overall.
- 913 _____ Helb Patent inclinometer or grade level Railroad, Penn. Patented Jan. 12, 1904, appears to be complete and in working condition, very good overall.
- 914 _____ Stanley A6 aluminum fore plane, complete with nice rosewood tote and tall knob, BB-logo blade, plated lever cap, fine overall.
- 915 _____ **Scarce Ruger Patent No. 1010 ratchet brace, complete and very good. Mr. Ruger made tools prior to getting into the gun business. See an even scarcer drill by Ruger in lot #917.**
- 916 _____ **Stanley A5 aluminum jack plane, fine BB-logo blade, fine rosewood tote and knob, fine overall.**
- 917 _____ **RARE ruger hand drill, in very good overall condition.**
- 918 _____ Stanley #A4 aluminum smooth plane, nice BB-logo blade, good rosewood tote and knob (the color of the wood does not match as the knob is darker than the tote), a little loss of plating from the lever cap, very good.
- 919 _____ New Lie-Nielsen 4 1/2 smooth plane in original box with original wrapping, new condition; plus a HIGH ANGLE FROG for the 4 1/2 in its original box, both were bought and never used.
- 920 _____ Stanley A18 aluminum block plane, complete and very good overall.
- 921 _____ Stanley VICTOR #20 compass plane, nice V-logo blade, nice nickel plating, very good overall.
- 922 _____ Three wooden planes: Sandusky #37 toothing, complete and fine; GOLDENBERG ACIER FONDU smoother with one cracked ear, nice blade, very good overall; and a 6-inch smoother with PEUGEOT PRERES smoother with Man-in-the-moon logo, blade needs new grind and sharpening.

- 923 _____ D. Malloch Perth, compassed smooth plane with factory steel sole plate held by 13 screws, fine overall.
- 924 _____ Heavy 8-inch rosewood? smooth plane made of rosewood or perhaps something more exotic, has a few small chips in rear of throat, Marples iron, very good overall.
- 925 _____ **Nice woodworking work bench 69 X 14.5-inch with face and tail vises, lockable cubby and three sliding drawers in the trestle, does not appear to have been used for woodworking. It was piled high with levels and planes when we uncovered it in Burton's basement.**
- 926 _____ Bottle of Lie-Nielsen Camellia Oil, used to prevent rust from developing on metal.
- 927 _____ Nice wooden "woman's tooth" router plane, appears to be made of mahogany, has a few holes in the bottom, good overall.
- 928 _____ **Scarce BEDROCK 602C FT smooth plane, nice rosewood tote and tall knob, fine V-logo blade, BEDROCK lever cap, has small bit of red nail polish on left side and bottom from a spill in the cabinet (he was using red nail polish to highlight Winchester logo), by far, the hardest of the Bedrock series to find, with light cleaning, this plane will be fine**
- 929 _____ Jn BISHOP STEWART wedge-arm fillister plane, has brass-tipped arms, one of the wedges is broken on one end, very good overall.
- 930 _____ Stanley #850 wall mounting tool cabinet full of Stanley tools including bit and square level, and other pieces, there is a key working
- 931 _____ Pair of fine complex molding planes: the one on the left is unmarked except for a faint 7/8 on the heel, it is complete and very good; the one on the right is marked R. CARTER TROY, it too is complete and fine.
- 932 _____ Stanley BEDROCK 604 1/2 FT smooth plane, good SW-logo blade, BEDROCK lever cap, fine rosewood tote and tall knob, very good overall.
- 933 _____ Two molding planes incl. J. BRADFORD PORTLAND 1 5/8-inch nosing plane, very good; and a MATHIESON & SON 1-inch side bead, very good overall.
- 934 _____ Lie-Nielsen L-N 9 iron miter plane, new in box, still has price tag hanging from lever of lever cap, and all the original paperwork in the box, new condition.
- 935 _____ Two hatchets: a small, unmarked lathing hatchet, and a PLUMB BOY SCOUT with the scout insignia, both good.
- 936 _____ Lot of four hammers including a non-sparking ball peen; TRUE TEMPER VULCAN ball peen, and a riveting? hammer.
- 937 _____ Kelly Flint Edge hatchet with nail claw, nice embossing, very good overall.
- 938 _____ Nice Keen Kutter broad hatchet with the block & wedge logo, very good overall.
- 939 _____ Three hammers: RIVERSIDE TOOL CO. with anvil logo claw hammer, very good; Stanley CHROMOLY claw hammer with electric tape on handle; and a Cheney nail-holding hammer head, that needs a handle.
- 940 _____ Two brass hammers including a body hammer; and a MOUNT tack hammer, very good.
- 941 _____ Two hammers; the one on top is a farrier's for horseshoeing; and the bottom is a C. HAMMOND cobbler's hammer.
- 942 _____ Two metalworking bumping hammers the larger one with PS&W CLEVELAND stamp on side of head.
- 943 _____ Three wooden jointer planes: 27-inch unmarked with slightly offset closed tote, no blade, wedge needs to be filed down to fit better; 28-inch New York Tool Co. with nice AUBURN TOOL CO. blade, complete and very good; and a 28-inch with faint COLUMBUS OHIO makers mark, closed tote, top of blade notched at corners, will make good user.
- 944 _____ Three transitional jointer planes: 26-inch Fulton with FULTON TOOL CO. blade, good overall; 24-inch UNION No. 31, has a few paint splatters and an off-center hang hole in rear of stock; and a 26-inch Stanley #132 Liberty Bell with a broken tote, can be restored to very good overall.
- 945 _____ Sargent #3424 transitional jointer plane, scuffed but intact handles, very good overall, has an iron jointer gage or fence installed on the left side, very good overall.
- 946 _____ Two Stanley "Liberty Bell" bench planes: #129, 20-inch fore plane, blade has early circular logo with patent dates, tote spur reshaped, very good overall; and #127 with Q-logo blade, tote broken and glued, very good overall.

- 947 _____ Three wooden coopers' tools: wooden hoop driver with steel ring at top and steel plates riveted at bottom, very nice; an unmarked coopers croze plane; and an L&I.J. WHITE sun plane with faint mark on top of body, very good overall.
- 948 _____ Auburn Tool Co. screw-arm plow plane with five OHIO TOOL CO. irons or blades, very good overall
- 949 _____ Sandusky #240 coopers sun plane, complete and fine overall.
- 950 _____ Disston D-8 20-inch 10ppi panel saw, good etch, fine handle, fine overall.
- 951 _____ 951. Scandinavian flooring plane with fore and aft handles, blade marked W. HALL 2685, very good overall.
- 952 _____ Henry Disston Philadelphia 18-inch panel saw, has unusual HENRY DISSTON & SON PHILADELPHIA with a line of what looks like three words of Latin above it, very good overall.
- 953 _____ Nice spill plane with set of feet to hold it up, appears to be mahogany, very good overall.
- 954 _____ Sheffield Saw Works SEA SAW 20-in. panel saw with etch of sailboats, good overall.
- 955 _____ Nice 5-in. wooden smoother, has thin laminated sole, very good overall.
- 956 _____ Disston & Sons 20-inch panel saw, faint Disston Keystone etch, very good overall.
- 957 _____ SIMONDS 60-inch 1 or 2-man crosscut saw, fine main and auxiliary handles, has near perfect etch, partially dried grease or cosmoline with wax paper sticking to it, will need a bath in mineral spirits to get the paper and grease off, fine.
- 958 _____ Unusual block knife, just staple it to a block of wood and clean off a bit of rust and you'll be good to go.
- 959 _____ Pair of raft dogs used in building the log rafts that used to be floated downstream to mills.
- 960 _____ Disston 1 or 2-man crosscut saw, NOS? Has partially dried grease or cosmoline with wax paper sticking to it, will need a bath in mineral spirits to get the paper and grease off, fine.
- 961 _____ Nice long handled barking spud with wooden handle, very good.
- 962 _____ Nice 36-inch crosscut saws plus a 60-in. extra-thick blade only for ice or up-and-down sawmill, the 36-inch saw is very good; plus two handles.
- 963 _____ Two-man crosscut saw with 72-inch, very good; plus two spare 66-inch blades.
- 964 _____ L&IJ White beer keg chamfer knife, some minor rust, fine overall.
- 965 _____ Nice froe blade plus good felling wedge, very good overall.
- 966 _____ Pair of hand saws: Disston D-8 with 26-inch 8ppi blade, nice etch, fine overall; and an Atkins #50? 26-inch 6ppi crosscut saw, faint etch, very good overall.
- 967 _____ Two 66-inch crosscut saws, both with handles and both needing to be cleaned.
- 968 _____ Unmarked cast iron saw vise that clamps to a bench, very good overall.
- 969 _____ Left handed side axe, very good; has faint maker's mark
- 970 _____ Universal Tool International Steel Co. fence stretcher, complete and very good.
- 971 _____ Nice long handled ice chisel 58-inches long overall, very good overall.
- 972 _____ Nice E.C. Atkins ram's horn scraper, very good.
- 973 _____ Unusual continental 1 1/4-in. rabbet plane, stock is 10 1/2-inches long and 4 1/4-inches tall, fine overall.
- 974 _____ Ohio Tool Co. #30 tothing plane, has some staining on bottom, but is very good overall.
- 975 _____ Fine pair of complex molding planes: Auburn, Chapin Two fine complex profile wooden molding planes: on left is an AUBURN TOOL CO. No. 140 marked 3/4 on heel, visible spring lines, very good; and a Union Factory H. Chapin marked No. 128 on heel along with 1 1/4; both fine.
- 976 _____ Small Keen Kutter linoleum knife with sheath. Has Keen Kutter etched on blade, very good. Could be a fake piece as the logo does not look right.
- 977 _____ Simmons HDW CO. FAST MAIL hatchet, complete with what appears to be the original handle, fine overall.
- 978 _____ Large and fake KEEN KUTTER broad axe head, it's rusty, but I'm reasonably sure it was never made for Simmons or Shapleigh Hardware, but was made by some beady-eyed little bastard in China.
- 979 _____ Keen Kutter (Ohio Tool) No. 35 transitional smooth plane, base of knob chipped, good blade, good tote, very good overall.

- 980 _____ Unusual Keen Kutter camp hatchet with Keen Kutter leather sheath (stamped in outside face) that is lined inside with tin or aluminum and can be worn on a belt, the snap closure is intact and has the block and wedge logo, hatchet has been expertly rehandled, very good overall.
- 981 _____ **Scarce Keen Kutter K78 rabbet and fillister plane, complete with fence and depth stop, very good overall.**
- 982 _____ Keen Kutter 8-inch wooden smooth plane with distinctive black knob, good KK blade, has checking at toe but can still see the KK logo stamped into toe, very good overall.
- 983 _____ Keen Kutter K4 1/2C wide smooth plane, fine rosewood tote and knob, good proper blade, fine overall.
- 984 _____ Keen Kutter No. 23 transitional smooth plane, lever cap is from an iron bench plane but fits this one, complete and fine.
- 985 _____ Disston D-7 26-in. 8ppi crosscut saw, fine handle, nice etch, fine overall.
- 986 _____ Keen Kutter No. 88 28-in. 5 1/2ppi rip saw, nice etch, scuffed but intact handle, very good overall.
- 987 _____ Pair of Keen Kutter hand saws: 26-in. 9ppi bladed crosscut with faint etch, good handle, very good overall; and a 26-in. with 11ppi blade, faint etch, very good overall.
- 988 _____ Pair of Disston saws: 28-in. 5 1/2ppi rip with thumb hole handle, a few paint splatters, faint etch, very good overall; and a 26-inch 8ppi crosscut PACEMAKER with etch of two runners, faint etch, very good overall.
- 989 _____ Unknown 16-inch Disston saw sunken medallion, fine handle, etch has the smallest keystone logo we can recall seeing, some light rust, will clean to fine overall.
- 990 _____ Five antique tool collecting books: Town-Country OLD TOOLS; Collecting Antique Tools by Herbert Keen & Emil Pollak; A Price Guide to Antique tools by Herbert Keen & Emil Pollak; Antique Trader TOOLS PRICE GUIDE by Kyle Husfloen & Clarence Blanchard; and Antique Tools Our American Heritage by Kathryn McNeerney.
- 991 _____ The Wooden Plane book by John M. Whelan, complete and fine.
- 992 _____ Dictionary of American Hand Tools A Pictorial Synopsis by Alvin Sellens. It is our opinion that this is one of the most useful books in the old tool arsenal, this one is complete and fine.
- 993 _____ Two tool books incl. The Hand Plane Book by Garrett Hack, complete and fine; and 1999 Edition of The Catalogue of Antique Tool by Martin J. Donnelly
- 994 _____ Pair of boring tool books by Pearson & Price: The American Patented Brace 1829-1927 An Illustrated Directory of Patents by the late Ronald W. Pearson, D.O., very good; and A Sourcebook of United States Patents For Bitstock Tools and the Machines that Made Them by James E. Price, very good.
- 995 _____ The Art of Fine Tools coffee-table book of drool-worthy tools by Sandor Nagyszalanczy, fine.
- 996 _____ Dictionary of Woodworking Tools Revised Edition by R.A. Salaman, complete and fine. Another must-have for both the budding and veteran collector.
