15	<b>Rare Spickler Patent scraper, has PAT APL 1, 73 cast into underside of open loop handle, missing one of the two original blades, very good overall.</b>
16	Stanley #200 blade and chisel sharpening guide, complete and fine.
17	Pair of single beam Stanley marking gages: #97 with script lettering, very good and a #90 that is fine.
18	Stanley 6-inch machinist level 39 1/2 Type 1, fancy casting, very good.
19	Stanley #38 oil burner level, fine orange japanning, fine overall.
20	Stanley #198 mortise gage, has a few tiny chips to otherwise good head, very good overall.
21	Unmarked Stanley? rosewood mortise gage, fine.
22	Three wooden marking gages: Stanley #61; Stanley #64 1/2 SW logo, fine; and an unmarked double beam similar to Stanley #72, complete and fine.
23	Lot: two wooden spokeshaves; one by Wm Johnson Newark; and a wedge-locking marking gage, good.
24	Stanley #16 improved miter square 10-inch, complete and fine.
25	Fine Stanley #2 SW brass trammels w/pencil holder
26	Pair Stanley #4 nickel plated trammel points with carpenter pencil
27	Lot: two hollow adjustable hollow augers one with square tang looks like a Stearns, it has a coat of wax that will clean off easily; the other is set up for use in a machine, it too is very good; and there is a medium sized dowel pointer with broken off tang.
28	Pair of ULMIA wooden framed saws both NOS.
29	Pair of Stanley No. 150 miters boxes, just add a pair of back saws and you're set.
30	HICKORY double bit axe head marked HICKORY Kelly, How, Thomson, Duluth, Minn, very good.

- 31 \_\_\_\_\_ Unusual 9-inch lignum smooth plane, has very faint 2-line makers mark that we cannot make out, the right side is cracked where the wedge was driven in too far, good overall.
- 32 \_\_\_\_\_ Wm. BEATTY broad axe head, just needs a handle.
- 33 \_\_\_\_\_ Unusual 8 3/4-inch table joint plane, exotic wood, very good overall.
- 34 \_\_\_\_\_ Millers Falls No. 200 wooden miter box, very good.
- 35 \_\_\_\_\_ Nice rosewood shipwright's razee jack plane, wedge not original to plane,
- 36 \_\_\_\_\_ Pair of iron braces; one spring chuck; one screw. The one with the spring chuck has a weak spring, both are very good. (In photo of braces this one is to right of tape gun)
- 37 \_\_\_\_\_ Four assorted braces: Stanley #966 8-in. very good; and BLECKMANN gent's brace.
- 38 \_\_\_\_\_ Pair of ratchet braces: PEXTO MB1-10; Craftsman 12, both are very good.
- 39 \_\_\_\_\_ John S. Fray & Co. Whimble brace, complete and very good.
- 40 \_\_\_\_\_ Stanley #813 10-inch ratchet brace, near new overall condition.
- 41 \_\_\_\_\_ Stanley #70 ratchet corner brace, nice rosewood, very good overall.
- 42 \_\_\_\_\_ Three assorted braces: Defiance 1253 ratchet brace, very good; John S. Fray #83, very good; and VICTOR No. 965 8-inch very good.
- 43 \_\_\_\_\_ Pair of ratchet braces: Craftsman & Stanley 903 10-inch, both very good.
- 44 \_\_\_\_\_ Stanley #984 ratcheting corner brace, very good overall.
- 45 \_\_\_\_\_ John S. Fray Co. No. 10 Spofford Patent brace, very good overall.
- 46 \_\_\_\_\_ Stanley #903 8-inch ratchet brace, complete and very good.
- 47 \_\_\_\_\_ Fine 24-inch W.K. MORISON Co. MINNEAPOLIS No. 99 crosscut hand saw. First we've seen with this mark and very nice.
- 48 \_\_\_\_\_ SIMMONS SPECIAL sad iron with quick release handle on a nice SIMMONS SPECIAL stand.
- 49 \_\_\_\_\_ WITTE'S IXL No. 2 sad iron with quick release handle and a nice WITTE IXL stand or trivet, both very good.
- 50 \_\_\_\_\_ **Rare KEEN KUTTER SETH THOMAS electric clock with brilliant red and white block-and-wedge logo, in running condition, not to be confused with the modern reproductions that run on a battery, a scarce KK-Kollectible in very good kondition.**
- 51 \_\_\_\_\_ Nice Aladdin-style nickel plated lamp with scarce SIMMONS KLEAR KRYSTAL LEADFLINT glass chimney, very good overall.
- 52 \_\_\_\_\_ **KEEN KUTTER hardware store sign from HALE HARDWARE & SUPPLY CO. EAST ALTON ILL, very good overall.**
- 53 \_\_\_\_\_ Nice combined bow/breast drill with intact flat steel bow, and three pads or spools with hand forged bits, first of its type that we have sold.
- 54 \_\_\_\_\_ LUFKIN RULE CO. 48-inch steel zig zag rule, fine.
- 55 \_\_\_\_\_ LUFKIN No. 85, 24-inch 2-fold steel rule, very good.
- 56 \_\_\_\_\_ Pair of steel rules: 24-inch 2-fold C.K. GERMANY steel rule, very good; and steel 36-inch zig zag MADE IN GERMANY.
- 57 \_\_\_\_\_ Pair of wooden cores that Bill Baader used to cast brass and steel planes, both very good.
- 58 \_\_\_\_\_ Unusual KIRBY & BRO 5-inch U.S. ST'D CORK GAUGE in both metric and English, marked PARIS near one end, very good overall.
- 59 \_\_\_\_\_ Folding copper wire gage. (See closeup photos of the logo at the joint.)
- 60 \_\_\_\_\_ Upson Nut Co. No. 66, 36-inch 4-fold boxwood rule with unusual scales on outside and normal ones inside, moderate wear, very good overall.
- 61 \_\_\_\_\_ KEEN KUTTER store sign H.&B. HARDWARE CO. SUMMERSVILLE, MO, a little paint loss near bottom of sign, very good overall. (HUM16\_052GB.jpg)
- 62 \_\_\_\_\_ Pair of iron braces with spring chucks. No markings visible on either one, both very good.
- 63 \_\_\_\_\_ Stanley BEDROCK RT 608C iron jointer plane, 3-line Bedrock lever cap, tote spur has chips, good Q-logo blade, japanning 50 percent plus, very good overall.
- 64 \_\_\_\_\_ Millers Falls No. 120B 2-speed breast drill, complete with auxiliary handle, fine overall.
- 65 \_\_\_\_\_ Stanley BEDROCK 607 RT iron jointer plane, 60 percent plus japanning, 2-line BEDROCK lever cap, small chip from side of tote spur, good low knob, BB-logo blade, very good overall.
- 66 \_\_\_\_\_ Stanley #742 2-speed breast drill, complete and fine original condition.
- 67 \_\_\_\_\_ Stanley BEDROCK 606C RT iron fore plane, 3-line BEDROCK lever cap, Q-logo blade, good rosewood tote and knob, 90 percent plus japanning, very good.

- 68 \_\_\_\_\_ Millers Falls No. 12 2-speed breast drill, with built-in level, complete and very good.
- 69 \_\_\_\_\_ Stanley BEDROCK 606 RT iron fore plane, 3-line Bedrock lever cap, nice rosewood tote and knob, 90 percent plus japanning, V-logo blade, very good overall.
- 70 \_\_\_\_\_ Scarce Millers Falls 666 high-speed breast drill, missing auxiliary handle, but the stud and collar for it are present, the wooden crank handle has been re-riveted to the crank arm rather crudely, a scarce drill in fixer-upper condition.
- 71 \_\_\_\_\_ Stanley BEDROCK 605 1/2C RT wide jack plane, fine rosewood tote and knob, 3-line BEDROCK lever cap, Q-logo blade, fine overall.
- 72 \_\_\_\_\_ Fine Stanley #993 corner brace, BB-logo on chuck, fine cocobolo wood handles, fine overall.
- 73 \_\_\_\_\_ Stanley BEDROCK 605 RT jack plane, 3-line BEDROCK lever cap, nice rosewood tote and knob, Q-logo blade, very good overall.
- 74 \_\_\_\_\_ Pair of Stanley ratchet braces incl. 929-10-inch with aluminum handles, SW logo on chuck shell, very good overall; and an 813G 10-inch that is complete and fine overall.
- 75 \_\_\_\_\_ Stanley BEDROCK 604 1/2 RT wide smooth plane, 3-line BEDROCK lever cap, fine early-style rosewood tote and knob, good Q-logo blade, japanning 90 percent plus, fine overall.
- 76 \_\_\_\_\_ **RARE Dumont corner brace, shows on DATAMP as NOT KNOWN TO HAVE BEEN PRODUCED, here is one that proves it was, complete and very good.**
- 77 \_\_\_\_\_ Stanley BEDROCK 604C RT smooth plane, 3-line BEDROCK lever cap, fine rosewood tote and knob; Q-logo blade,
- 78 \_\_\_\_\_ Two ratchet braces incl. HSB & CO. No. 908, O.V.B. 6-inch with nice wooden handles and good nickel plating; Stanley 923 10-inch that is complete and fine.
- 79 \_\_\_\_\_ Stanley BEDROCK 603 RT smooth plane, 3-line BEDROCK lever cap, minor chip to spur of tote, good knob, good Q-logo blade, very good overall.
- 80 \_\_\_\_\_ Winchester single bit axe, letter a bit worn, repainted by previous owner, good overall.
- 81 \_\_\_\_\_ Stanley BEDROCK 603C RT smooth plane, 3-line BEDROCK lever cap, Q-logo blade, japanning has been enhanced or the entire bed was repainted, very good overall.
- 82 \_\_\_\_\_ M.W.H. CO. (Marshall Wells) HAND MADE axe, repainted, very good overall.
- 83 \_\_\_\_\_ Winchester No. 15 26-inch 12ppi blade, has light rust on blade, good etch, Warranted Superior medallion, will clean to very good overall.
- 84 \_\_\_\_\_ Pair of keyhole saws including an early Keen Kutter with the single-bit axehead logo, very good.
- 85 \_\_\_\_\_ Pair of panel saws including Disston 20-inch D-23 with about 10ppi blade, fine etch, fine overall; and a 20-inch with deep WARRANTED SUPERIOR medallion, blade is sharpened in a radius about 1/2 way up the end, good overall.
- 86 \_\_\_\_\_ FULTON SPECIAL 26-inch 5 1/2ppi bladed rip saw, nice etch, very good overall.
- 87 \_\_\_\_\_ Fine 26-inch Disston D-23 5 1/2ppi rip saw with near perfect etch, fine overall.
- 88 \_\_\_\_\_ Three hand saws: 26.5-inch 8ppi crosscut saw with aluminum bevel square built in near handle that has 45, 32 & 20-degree angles, very good; Unknown 26.5-inch 9ppi crosscut with Disston keystone medallion, good overall; and a SIMONDS 2.00 (\$2.00) 26-inch 7ppi bladed handsaw, needs cleaning, should clean to very good overall.
- 89 \_\_\_\_\_ Pair of hand saws: 26-inch CRAFTSMAN No. 936171-AL-8pt crosscut, with 3 1/2 inches of nail cutting teeth at top of blade, fine overall; and an unusual 25.5-inch saw with scale or rule etched into the straight back, very good overall.
- 90 \_\_\_\_\_ Pair of handsaws: SIMONDS 26-inch crosscut with decent etch good overall; and a Disston D-15 VICTORY that has 24-inch 8ppi blade, decent etch, very good overall.
- 91 \_\_\_\_\_ FINCH'S COLUMBIA ST. LOUIS 26-inch rip saw, good medallion, very good overall.
- 92 \_\_\_\_\_ DISSTON D-15 VICTORY with 26-inch 9-ppi blade, good etch and handle, very good overall.
- 93 \_\_\_\_\_ Unusual 28-inch ice saw with iron handle riveted to blade, has rust over entire surface, will clean to good or better.
- 94 \_\_\_\_\_ Early BUEHLER & HOWARD PHILADELPHIA die stamped hand saw with 26-inch crosscut blade, nice handle with split nuts, early sunken medallion that has a very nice eagle, very good overall. This firm was last in business under this name in 1868.
- 95 \_\_\_\_\_ Pair of handsaws: 26-inch Keen Kutter with 6ppi blade, good overall; and a 26-inch C.E. JENNGS with 8ppi blade, very good overall.

- 96 \_\_\_\_\_ Three small handsaws: unknown make with what looks like an owner-made handle; 18-inch panel saw with split nuts, die stamped 3 in center of blade, very good overall; and a 20-inch Disston K-3 PACEMAKER with 10ppi blade, very good.
- 97 \_\_\_\_\_ Copper umbrella stand with vineyard scene, very good.
- 98 \_\_\_\_\_ Small carpenter's tool chest 30 x 9 x 11-inch, folding iron handles at each end, has a drop-down lid, and one removable tray inside.
- 99 \_\_\_\_\_ Small wooden bucket 12-inch tall with 7.5-inch diameter opening at top, folding bale handle, four steel hoops, very good overall.
- 100 \_\_\_\_\_ Ohio Tool Co. handled boxwood plow plane with five original blades, came with note saying "These 4 bits or irons as they were called belong to coachmaker's plow plane #4 (the number is on the inside edge of the fence) This plane and irons were purchased from Chas. Campbell, a patternmaker in Springfield, Ohio for \$1. Lived on W. Grand Ave.
- 101 \_\_\_\_\_ Nice fish spear or gig with seven tines, very good overall.
- 102 \_\_\_\_\_ Long handled pike for such things as moving ice blocks around in an ice harvesting operation.
- 103 \_\_\_\_\_ Unusual spring loaded fish catcher, we're told these are illegal to use. This one being sold as a historic artifact only.
- 104 \_\_\_\_\_ Cant hook log roller that has a hook that has been welded to keep it from swinging, good overall.
- 105 \_\_\_\_\_ Stock catching hook used to catch small domestic animals by the hind leg.
- 106 \_\_\_\_\_ E. BROAD patent cant hook or log roller marked E. BROAD ST. ANTHONY (Minnesota) PAT JAN 7, 1868, this one is complete and fine.
- 107 \_\_\_\_\_ Wooden winnowing? rake, very good overall.
- 108 \_\_\_\_\_ Unusual S-shaped cutting tool said to have been used to smash pumpkins in a pumpkin patch to allow them to go to seed.
- 109 \_\_\_\_\_ Two garden of turf tools: unusual long handled turf axe or turf spade and a 3-tined fork, both very good.
- 110 \_\_\_\_\_ Pair of square-nosed shovels: on top is a No. 2 gravel shovel with D-handle; below is a nursery spade with wooden D-handle, both very good.
- 111 \_\_\_\_\_ IWANS SOLID SOCKET HAY KNIFE, very good overall.
- 112 \_\_\_\_\_ Pair of shovels: on top is a D. AMES square nosed with wooden D-handle, several nicks and dings at edge of blade, good overall; and an OAK LEAF No. 2 round nose with D-handle.
- 113 \_\_\_\_\_ Unusual and early forged adz, very good overall.
- 114 \_\_\_\_\_ Unknown purpose long handled hook with a blunt pointed pike.
- 115 \_\_\_\_\_ Pair of long-handled tools: hoe with triangular head and a forged pickeroon, both very good.
- 116 \_\_\_\_\_ Nice 30-inch 1 or 2-man crosscut saw, needs an auxiliary handle, very good overall.
- 117 \_\_\_\_\_ Large long-handled hammer with spike coming off the back, marked SOO LINE (railroad), has electrical tape around handle where it is likely cracked.
- 118 \_\_\_\_\_ Pair of unusual long-handled tools: the one on top looks like a scraper or cutter that would be pushed, the blade is meant to be sharp but it is not very sharp now; on bottom is a hook that looks like something a power company employee would use.
- 119 \_\_\_\_\_ Nice wooden gambrel stick for dressing game and domestic animals.
- 120 \_\_\_\_\_ Pair of 48-inch steel scales: Lufkin No. 95 some light rust, will clean to fine; and a BROWN & SHARPE MADE IN ENGLAND.
- 121 \_\_\_\_\_ Large 47-inch wrecking or crowbar, in old green paint, very good overall.
- 122 \_\_\_\_\_ Three framing squares: one marked NICHOLLS SQUARE PAT. APRIL 23, 1901; STANLEY NO. 18; and one marked S.D. JONES; the NICHOLLS and JONES squares have tapered blades.
- 123 \_\_\_\_\_ Unusual one-handed wooden corn planter.
- 124 \_\_\_\_\_ Forged three-legged iron trivet, very good.
- 125 \_\_\_\_\_ **RARE Marble & Smith Cleveland Ohio handled ebony plow plane with boxwood arms and fence, and set of blades, very good overall.**
- 126 \_\_\_\_\_ Copper chestnut roaster with long wooden handle, very good overall.
- 127 \_\_\_\_\_ Pair of T-augers; one with 2 3/4-inch bit; the other 1 3/4-inch, both very good.
- 128 \_\_\_\_\_ Early waffle iron used over an open fire, has some initials cast into each half of the iron, very good overall.
- 129 \_\_\_\_\_ Nice forged gutter adz with 20-inch handle, very good.

- 130 \_\_\_\_\_ Pair of wooden framed washboards: one has two inked stars for decorations and a tin surface; the other has a brass scrubber and is marked TOP NOTCH THE BRASS KING, "THE BOARD WILL DO THE WORK."
- 131 \_\_\_\_\_ Three wire rug beaters with wooden handles, all are good to very good.
- 132 \_\_\_\_\_ Large wooden framed saw with 35-inch blade, very good overall.
- 133 \_\_\_\_\_ Nice flower woven flower basket, a little sticky to the touch but that's likely an oil or preservative the previous owner rubbed it down with.
- 134 \_\_\_\_\_ Forged iron apple butter stirrer, the tag say PA so it may have been collected in Pennsylvania, comes with a long wooden handle that has a spike at one end.
- 135 \_\_\_\_\_ Pair of crowbars or wrecking bars, both very good.
- 136 \_\_\_\_\_ Nice multi-colored woven basket, about 11 inches in diameter and 4 inches tall, very good overall.

- 207 \_\_\_\_\_ **DUNN & MONTGOMERY PATENT (U.S. No. 461,166) 8-inch smooth plane made by Ohio Tool Company, unfortunately the top of the frog is broken off so the lateral adjuster is MIA. Still a rare plane in any condition.**
- 208 \_\_\_\_\_ Scioto Works No. 5 handled smoother that has been modified into a fork staff plane, very good overall.
- 209 \_\_\_\_\_ Pair of wooden molding planes: OHIO TOOL CO. No. 47 5/8-inch dado, complete and fine; and an OHIO TOOL CO. No. 75 5/8-inch match plane, complete and fine.
- 210 \_\_\_\_\_ Enameled cast iron spittoon, good overall.
- 211 \_\_\_\_\_ AERO mini windmill, these have been sold in farm and home stores and feed stores for years, a few cross members have been bent.
- 212 \_\_\_\_\_ CHATILLON Type 160 hanging spring scale 500-pound capacity, very good.
- 213 \_\_\_\_\_ Small CHICAGO SCALE CO. LITTLE DETECTIVE balance scale, one removable scoop-type tin pan.
- 214 \_\_\_\_\_ Bemis & Call 15-inch monkey wrench; and a PARKER LINE hack saw, very good.
- 215 \_\_\_\_\_ Pair of forged food choppers; one with two blades and one with one blade, both very good.
- 216 \_\_\_\_\_ GIRARD 8.5-inch wood handled monkey wrench, very good; and a "POCKET SIZE" fuse puller by the TRICO FUSE CO. PAT. DEC. 10, 1925, very good.
- 217 \_\_\_\_\_ Pair of food choppers: forged single bladed model with wooden handle, very good; and a "CHOPPER" FOLEY, MPLS. PAT. 2,113,085, very good.
- 218 \_\_\_\_\_ Medium sized hand-cranked bench top wet stone by the CLEVELAND STONE CO. The stone has a few chips missing, but is very good overall.
- 219 \_\_\_\_\_ Pair of wooden mallets including a nice carver's mallet, both very good.
- 220 \_\_\_\_\_ Set of five Stanley #60 bevel edged chisels, all very good.
- 221 \_\_\_\_\_ Estwing hatchet with original leather sheath, fine overall.
- 222 \_\_\_\_\_ Pair of ebony and brass sliding bevels: one with 8-inch blade and one 9-inch, both good to very good.
- 223 \_\_\_\_\_ Pair of unusual wooden stair saws; one has a blade in the center and one has the blade on the outside, both very good.
- 224 \_\_\_\_\_ Unusual and early wooden dividers that need a wedge made to lock it, very good overall.
- 225 \_\_\_\_\_ Nice embossed KELLY FLINT EDGE KELLY AXE MFG. CO. CHARLESTON, W.VA. tomahawk type hatchet, numerous nicks and dings to handle, the head and especially the embossed portion are very good.
- 226 \_\_\_\_\_ Pair of wooden screw boxes; one appears to be manufactured and one is homemade, but nicely done.
- 227 \_\_\_\_\_ Pair of sliding bevels: Stanley #25 rosewood and brass model with 10-inch blade, fine overall; and another rosewood and brass model that has a Stanley blade in it, but was not originally a Stanley.
- 228 \_\_\_\_\_ Three wooden string winders, all very good.
- 229 \_\_\_\_\_ Fine embossed M.M.H. CO. (MORLEY & MURPHY HARDWARE CO. Green Bay Wisc.) Wedgeway HAND MADE UNSURPASSED broad hatchet, fine etch, very good overall.
- 230 \_\_\_\_\_ Unusual 16-inch wooden clamp with just two chips to the threaded screw, very good overall.
- 231 \_\_\_\_\_ Early wire toaster in shape of Maltese cross, good wooden handle, very good overall.
- 232 \_\_\_\_\_ Pair of brass elephant bookends, both very good.
- 233 \_\_\_\_\_ Cheese cutter made from an old file or rasp mounted to a block of wood, very good.
- 234 \_\_\_\_\_ Cast iron tea pot with flower cast into the lid, very good overall.
- 235 \_\_\_\_\_ Nice little string winder that would clamp to a table, needs a belt, very good overall.
- 236 \_\_\_\_\_ Instant collection of five assorted egg beaters including: DAINTY WHIRL; LADD UNITED ROYALTIES COPR.; A&J PATD OCT. 9, 1923; a slightly different A&J; and another A&J with white handles.
- 237 \_\_\_\_\_ Early UNIVERSAL electric toaster by LANDERS, FRARY & CLARK, complete with cord, very good.

- 238 \_\_\_\_\_ Unknown purpose rectangular box that measures 15 x 8.75 at the base and 14 x 7.75 at top and is just over 13 inches tall, painted in olive drab, so is likely military.
- 239 \_\_\_\_\_ COLEMAN Model 220F kerosene lantern, comes with pack of spare mantels, fine overall.
- 240 \_\_\_\_\_ Three forged hammers including one with nail claw and one that appears to be for working metal. (lower left corner of table)
- 241 \_\_\_\_\_ Saw working hammer, very good.
- 242 \_\_\_\_\_ Lot of three forged hammers.
- 243 \_\_\_\_\_ Macadams rock hammer for making roadways, very good.
- 244 \_\_\_\_\_ Unusual hammer that looks like a cobblers but has an owner tag on it saying bookbinding hammer, very good.
- 245 \_\_\_\_\_ Lufkin No. 861A 2-foot 4-fold boxwood rule, moderate wear outside inside very good.
- 246 \_\_\_\_\_ Stanley SW NO. 36 6-inch 2-fold caliper rule, very good overall.
- 247 \_\_\_\_\_ T. ASTON maker 12-inch 4-fold boxwood rule early arched joint, complete and fine.
- 248 \_\_\_\_\_ **Unknown make 12-inch 4-fold ivory rule, complete and very good.**
- 249 \_\_\_\_\_ Fine No. 65 1/2, 12-inch 4-fold boxwood rule, complete and fine.
- 250 \_\_\_\_\_ **Massive cornice plane, marked L.FALES on toe, but there's a faint mark above that that may be the actual maker's mark, has hole thru front of stock for a pull rope, body is 5 1/4-inches wide and 14 1/2-inches long, very good overall.**
- 251 \_\_\_\_\_ Unusual BAYLEY core box plane made in Springfield Ohio, very good overall.
- 252 \_\_\_\_\_ Large E.F. SEYBOLD CINT.O. handled panel raising plane with two movable fences, MOTTRAM, complete and fine overall.
- 253 \_\_\_\_\_ Nice pair of adjustable brass calipers, very good.
- 254 \_\_\_\_\_ Raft dogs connected by short length (5 links) of chain.
- 255 \_\_\_\_\_ Unusual copper drafting square, very good.
- 256 \_\_\_\_\_ Lot: tapered sharpening stone for sharpening scythes, very good; large forged nail; and a DR BARTON hand adz that has a few chips around edge of hammer face, and cracked handle.
- 257 \_\_\_\_\_ Hand forged raft dog with big iron ring through the top.
- 258 \_\_\_\_\_ Unusual adjustable pin spanner wrench, very good; and a small malleable wrench with square opening.
- 259 \_\_\_\_\_ Lot of 15 bits including 14 long twist bits and one long spoon bit.
- 260 \_\_\_\_\_ **RARE chamfer spider used when chamfering the top of a wooden barrel. So rare you will be hard pressed to find a photo of another. We recall seeing one pictured in an old EAIA Chronicle or Shavings magazine.**
- 261 \_\_\_\_\_ Pair of large mortising chisels AKA pig stickers: 9/16-inch JAMES CAM with small corner chip at business end that will require a regrind, otherwise very good; and a 1/2-inch W. BUTCHER CAST STEEL, fine.
- 262 \_\_\_\_\_ Nice wooden clapboard marker has two pinwheel line decorations on the back, very good.
- 263 \_\_\_\_\_ Lot of five chisels: four socket firmers by WITTE; WARDS; two DIAMOND EDGE and a tang chisel by W. BUTCHER.
- 264 \_\_\_\_\_ Lot twelve assorted gouges including: WITTE ST. LOUIS; BUTCHER; two BUTCHER tang gouges that needs handles; a CHARLES BUCK socket gouge that needs a handle; DR BARTON, most can be cleaned or re-handled and returned to service.
- 265 \_\_\_\_\_ Lot eight assorted socket firmer chisels: WITHERBY and OAK LEAF both needing handles; and six with handles.
- 266 \_\_\_\_\_ Lot 14 assorted socket chisels by WITHERBY, GREENLEE, FULTON, KEEN KUTTER, BUCK BROS, etc.
- 267 \_\_\_\_\_ Lot of five hardware related has saws: OAK LEAF ST. LOUIS 20-inch 11ppi blade panel saw, nice etch and handle, very good overall; SCHROETTER BROS. HARDWARE ST. LOUIS with 26-inch blade, has patented brass tab on bottom of handle, some rust on end of blade; MOUND CITY ST. LOUIS 26-inch 7ppi blade with good etch and very good handle; S.H.CO. COLUMBIA 26-inch 5ppi rip saw with good etch and a GELLER (St. Louis) 26-inch with faint etch, very good overall.
- 268 \_\_\_\_\_ Unusual George Bishop hand saw with additional etch MADE EXCLUSIVELY FOR GELLER, WARD & HASNER HDW CO. ST. LOUIS rip saw with 28-inch 5 1/2ppi blade, very good overall.
- 269 \_\_\_\_\_ Unusual George Bishop GREYHOUND hand saw with 26-inch 5ppi blade and having the additional etch of MADE EXPRESSLY FOR GRAVOIS HDW CO. St. LOUIS MO, fine etch, very good overall.

- 270 \_\_\_\_\_ HARVEY W. PEACE VULCAN SAW WORKS 28-inch with 3 1/2ppi rip saw with additional etch of MADE FOR F.A. KANSTEINER 1008 MARKET ST. ST. LOUIS, MO very good etch, bottom of top handle spur chipped, very good overall.
- 271 \_\_\_\_\_ Unusual WITTKER HARDWARE AND CONTRACTORS SUPPLY CO. CORNER OF 25th and N MARKET STREETS, ST. LOUIS, MO saw with 24-inch 8-ppi blade, handle looks rather clunky, very good blade.
- 272 \_\_\_\_\_ Early and unusual R.A. COLEMAN ST. LOUIS, MO (DISSTON) No. 45 hand saw with two medallions, split nuts, very good handle, blade has is 27 1/2-inches long but was originally 28.
- 273 \_\_\_\_\_ Two St. hardware padlocks: GELLER (St. Louis) with brass body and rusty shackle, guts appear to be missing; and an F-S HDW. CO. very good but no key.
- 274 \_\_\_\_\_ Three SHAPLEIGH Hardware padlocks: the one on the far left says GENUINE PIN TUMBLER; and the one on the right says LONGWARE SIX LEVER, none have keys.
- 275 \_\_\_\_\_ SIMMONS brass padlock, very good. No key.
- 276 \_\_\_\_\_ Lot of 20 assorted SIMMONS & SHAPLEIGH HARDWARE keys.
- 277 \_\_\_\_\_ Three SIMMONS brass locks, none have keys.
- 278 \_\_\_\_\_ Two ENDERS padlocks with brass bodies and steel shackles, no keys.
- 279 \_\_\_\_\_ Two nice SIMMONS QUALITY SIX LEVER locks, no keys.
- 280 \_\_\_\_\_ Two SIMMONS padlocks: the one on the left has a brass body with steel plates riveted together and a steel shackle, some pitting on the plates; and another SIMMONS with cast body.
- 281 \_\_\_\_\_ BELL SYSTEM lineman's bag containing a marked BELL SYSTEMS hand saw; three different pliers; three files; lot of lead seals; two push drills; three screwdrivers, unmarked set of climbing spikes; leather pouch; cloth bag; OHMS meter, two signs, etc.
- 282 \_\_\_\_\_ Stanley BEDROCK #608C RT with R&L BEDROCK lever cap, good Q-logo blade, good rosewood tote and low knob
- 283 \_\_\_\_\_ Stanley BAILEY #8 iron jointer plane 80 percent plus japanning, spur of tote had been broken off and glued back on, good low knob, 1/2-inch usable length remains in blade, very good overall.
- 284 \_\_\_\_\_ Stanley #7 iron jointer plane, fine rosewood tote and tall knob, fine BB-logo blade, fine overall.
- 285 \_\_\_\_\_ Pair of iron fore planes: Stanley BEDROCK #606C with pitted DIAMOND EDGE bladed, small chip in the R&L BEDROCK lever cap, tote spur missing, good beaded knob, will make good user; and an early Stanley #6 with first-type lateral lever, good R&L CO. blade, fine pitting blade and chip breaker, very good overall.
- 286 \_\_\_\_\_ Stanley prelateral #5 iron jack plane with RULE & LEVEL CO. blade, nice tote and beaded knob, very good overall condition.
- 287 \_\_\_\_\_ Stanley #5 1/4 Junior Jack Plane, fine tote and tall knob, fine overall condition.
- 288 \_\_\_\_\_ VICTOR by STANLEY No. 1104 iron smooth plane with fine hardwood handle and knob, VICTOR lever cap, fine japanning.
- 289 \_\_\_\_\_ Stanley #2 iron smooth plane with fine T-logo blade, tote broken and glued and good knob; and a Stanley #3 prelateral with shattered tote, good lever cap, blade and frog and good knob, bed is chipped at rear of throat, good for parts.
- 290 \_\_\_\_\_ Pair of VICTOR iron jack planes: VICTOR by Stanley No. 1105 complete and fine; and another that just has VICTOR MADE IN USA on the blade, tote broken and glued, scuffed knob, good overall.
- 291 \_\_\_\_\_ Pair of Stanley bench planes: #1105? VICTOR jack plane with good VICTOR blade, scuffed but intact tote and knob, very good overall; and a Stanley "Household Jack Plane" same size as Stanley #5 1/4, SW-logo blade, very good overall.
- 292 \_\_\_\_\_ Pair of Stanley "Junior Jack Planes": Stanley #5 1/4 with good BB-logo blade, tote broken and glued, good tall knob, very good overall; and a Household Jack Plane with SW-logo blade, tote spur MIA, very good overall.
- 293 \_\_\_\_\_ **Scarce C.E. JENNINGS prelateral iron smooth plane with beaded knob, tote broken and glued, very good overall.**
- 294 \_\_\_\_\_ Stanley #40 scrub plane with nice beech tote and knob, good V-logo blade, very good overall.
- 295 \_\_\_\_\_ Lot of six Stanley #2-size plane blades; one has BB logo and appears to be used, the others look new or nearly so and have the Q-logo, plus one chip breaker.
- 296 \_\_\_\_\_ Lot: Stanley #95 butt gauge IOB, fine; two chisel handles; a fence for #90 marking gage; two 4-inch try squares; and a nice EAGLE sliding bevel that has two extra holes in the blade.

- 297 \_\_\_\_\_ Three Stanley block planes: two early #110 planes both having the 6-point star lever caps, both missing front knobs, with knobs they will be very good; and a #18 with early-style knuckle jointed cap, very good.
- 298 \_\_\_\_\_ Six blades for #2-sized smooth planes: HIBBARD; HICKORY; VAN CAMP; VAN CAMP; ECLIPSE; and unknown, all in usable condition.
- 299 \_\_\_\_\_ Lot of four Stanley block planes: #65 low angle with RULE & LEVEL CO. blade, complete and very good; #65 with nickel plated cap, RULE & LEVEL CO. blade, very good; HANDYMAN 1120, with gray bed, very good; and a 9 1/2 complete and fine.
- 300 \_\_\_\_\_ Large HENRY DISSTON & SON SAWS advertising saw with 40 1/2-inch blade, 46-inches long overall with the giant thumb-hole handle, painted on both sides, has two hang holes on top of blade and would have hung by chain in a store selling these saws or in front of the store.
- 301 \_\_\_\_\_ Mystery tool with nice wooden frame having four thin steel plates that slide up and down in mortise in each leg of the frame, when the wing nut is loosened.
- 302 \_\_\_\_\_ Case of 25 No. 11 sail needles from THE SHRIMPTON NEEDLE CO. BEST STEEL LONDON SAIL NEEDLES, new old stock.
- 303 \_\_\_\_\_ Small steel saw wrest and an OHIO TOOL CO. 1/4-inch mortising chisel, very good.
- 304 \_\_\_\_\_ NICE D.R. BARTON hoop driver with tag saying "gift from Harold Bancroft of Troy, Ohio. This tool was used in the Hayner Distillery in Troy Ohio.
- 305 \_\_\_\_\_ Shoe lasting stand with one removable last, very good overall.
- 306 \_\_\_\_\_ Pair of forged tongs: on top are a pair of fireplace or clinker tongs; the pair on the bottom are somewhat crude scissor-type tongs.
- 307 \_\_\_\_\_ Steelyard meat scale with hooks and one weight, very good overall.
- 308 \_\_\_\_\_ Nice forged boot scraper with feet that have been punched out for screwing to a board, very good overall.
- 309 \_\_\_\_\_ Wooden (oak?) slaw cutter, very good overall.
- 310 \_\_\_\_\_ Nice blacksmith swage block, weighs a ton, so we suggest you bring a strong helper to get it loaded because our backs are shot after moving it twice. ;-)
- 311 \_\_\_\_\_ Corn dryer that will accommodate 10 ears of corn at a time, very good.
- 312 \_\_\_\_\_ Medium to large No. 4 pair of ice tongs, good overall.
- 313 \_\_\_\_\_ Two peanut butter and one Nutella jars filled with old square nails.
- 314 \_\_\_\_\_ Large 24-inch circular sawmill blade.
- 315 \_\_\_\_\_ Wooden laundry agitator with T-handle at top.
- 316 \_\_\_\_\_ Pair of early electric motors: one marked EMERSON ELECTRIC MFG CO. 104-Volt; 1/4-HP; cycles at 6.0; and a WESTINGHOUSE single phase 1/4-HP, 4.7 RPM, cycles at 6.0.
- 317 \_\_\_\_\_ Winchester 2008 Limited Edition set of three pocket knives in a fitted box, the knives are like new, the box shows some surface wear.
- 318 \_\_\_\_\_ Folding Military Knife, the owner tag on it says 1930s NAVY, blade marked UNITED G.R. MICH., very good overall.

- 320 \_\_\_\_\_ Two sheath knives including an unmarked one with black leather sheath; very good; and a smaller CASE with stag handle in an original CASE sheath, very good.
- 321 \_\_\_\_\_ Small WESTERN sheath knife from BOULDER COLO, very good overall.
- 322 \_\_\_\_\_ Small sheath knife from FINLAND, very good overall.
- 323 \_\_\_\_\_ Folding AMERICAN SHEAR CO. hook billed knife with fine rosewood handle, very good overall.
- 324 \_\_\_\_\_ Pair of Indian or Pakistani knives, with curved blade that can be locked into several different positions.
- 325 \_\_\_\_\_ Unusual sheath knife marked on handle HERTERS INC. WASECA, MINN. U.S.A.
- 326 \_\_\_\_\_ Mexican knife with scenes etched into both sides of blade and having a stylized eagle-head pommel.
- 327 \_\_\_\_\_ Slater's hammer with leather wrapped handle, very good.
- 328 \_\_\_\_\_ Unusual hammer with egg shaped head that has an owner tag identifying it as a shoe molding hammer, very good.
- 329 \_\_\_\_\_ Early French-style cobblers hammer with strapped handle, very good.
- 330 \_\_\_\_\_ Four assorted hammers including two ball peen.
- 331 \_\_\_\_\_ Six assorted hammers including three tinnerns or riveting hammers.
- 332 \_\_\_\_\_ Three assorted Millers Falls hand drills. (Top left in photo)
- 333 \_\_\_\_\_ Early Millers Falls hand drill with 2-jaw chuck, nice rosewood handle, very good overall.

- 334 \_\_\_\_\_ Goodell-Pratt Archimedian drill missing the jaws from the chuck; and a GREENLEE No. 900 18-inch bit extender, very good.
- 335 \_\_\_\_\_ Three boring tools: two push drills: 233H Yankee Handyman; Millers Falls No. 188A, very good; plus a Stanley No. 624 hand drill complete and fine.
- 336 \_\_\_\_\_ Three squares: two adjustable UNION TOOL CO. squares; plus a fine Stanley #12 8-inch try square.
- 337 \_\_\_\_\_ Pair of Yankee screwdrivers: CRAFTSMAN (Millers Falls) with one
- 338 \_\_\_\_\_ Four push drills: Stanley Yankee No. 41, fine; No. 566, ENGLAND MANSO, fine; Millers Falls No. 188A, very good; and a CRAFTSMAN, very good.
- 339 \_\_\_\_\_ Set of 9 Keen Kutter auger bits in original canvas roll that is in the shape of the Keen Kutter block and wedge logo, the seams at top and bottom need to be sewed up, but it is very good overall.
- 340 \_\_\_\_\_ BARNES HARDWARE APPLIANCE DYSART, IOWA KEEN KUTTER tin hardware sign, complete and fine.
- 341 \_\_\_\_\_ Late model Stanley #60 1/2 low angle block plane with blue japanning in a yellow box, inside lid of box marked "FROM AL ZINDORF ON DAYTON BRANT PIKE, FEB . 1977, PD. \$4. HIS PLANE" a near new plane in a good box; plus a Stanley #95 butt gauge in original box, fine gauge, good box.
- 342 \_\_\_\_\_ Early Stanley #110 iron block plane with 6-point star in lever cap, complete and very good.
- 343 \_\_\_\_\_ Stanley #67 Universal Spokeshave with flat bottom, both handles and T-logo blade are very good.
- 344 \_\_\_\_\_ Stanley #65 low angle block plane with knuckle jointed lever cap, fine BB-logo blade, very good overall.
- 345 \_\_\_\_\_ Stanley #71 cast iron router plane, early model with patent date cast into ring around the throat opening, good knobs, includes 1/2-inch blade, very good.
- 346 \_\_\_\_\_ Stanley #102 & #103 iron block planes, the 103 has an early Rule & Level Co. blade with 1876 patent date, it is complete and very good; the 102 has a nice SW-logo blade and is complete and fine.
- 347 \_\_\_\_\_ Unusual iron router plane with wooden handles, appears to be a shop-made project, very good overall.
- 348 \_\_\_\_\_ Stanley #1 ODD-JOBS head with 90% plus nickel plating, intact scribe, level vial, and both screws, fine overall.
- 349 \_\_\_\_\_ Fine little iron router plane, another one-of-a-kind shop project with nice little wooden knobs, fine overall.
- 350 \_\_\_\_\_ **RARE Sandusky wooden horn plane, faint Sandusky mark on the toe,**
- 351 \_\_\_\_\_ Stanley 38? 6-inch machinist square with fancy cast sides, nickel plated top plate with 6-23-96 Patent date, very good overall.
- 352 \_\_\_\_\_ Lot of five assorted chisels and gouges including a very good HENRY TAYLOR gouge with acorn logo, very good; and a short BUCK BROS cranked 1-inch with chipped handle.
- 353 \_\_\_\_\_ Six homemade turning tools made from old files, rasps and chisels, all very good.
- 354 \_\_\_\_\_ Lot of chisels and gouges: BUCK BROS 1/4-inch bevel edged, very good; DR BARTON 1/8-inch gouge, fine; DR BARTON 7/8-inch gouge, fine; DR BARTON 1-inch cranked gouge, fine; and DR BARTON 1 1/2-inch cranked chisel, fine.
- 355 \_\_\_\_\_ Lot of 14 wooden handles; 4 for socket chisels and the rest for files or tang chisels.
- 356 \_\_\_\_\_ Lot of six long handled turning tools: BUCK BROS parting tool; BUCK BROS 1/2-inch chisel; BUCK BROS 1 1/2-inch gouge with some mild pitting; BUCK BROS 1 1/2-inch skewed, fine; BUCK BROS 1/4-inch convex; and a 1-inch BUCK BROS chisel, very good.
- 357 \_\_\_\_\_ Lot of five assorted carving tools.
- 358 \_\_\_\_\_ Three wooden clamps all with steel screws and all are different.
- 359 \_\_\_\_\_ Unusual pair of iron clamps that could be used on a saw horse.
- 360 \_\_\_\_\_ Pair of steel bar clamps both different and both are complete.
- 361 \_\_\_\_\_ Pair of unusual quick adjusting C clamps one marked RAPID TITAN PAT APPL'D FOR. both very good.
- 362 \_\_\_\_\_ Pair of unusual bar clamps: the one on top is marked DUPLEX CLAMP MFG. BY A.B. MORSE, BELOIT WIS. PAT'D APRIL 20, 1915, very good; and the bottom one JAN 2, 1900 TAYLOR'S 7-inch, very good.
- 363 \_\_\_\_\_ SHAW'S SELF-LOCKING CLAMP P.S. & W. SOUTHWINGTON CT USA, 8-inch bar clamp, patented MARCH 22 & APRIL 12, 1887, very good.
- 364 \_\_\_\_\_ Pair of clamps. quick adjusting 5-inch clamp with two pressure points on the one end, very good; and a KEN-TOOL CO. AKRON O. B63 marked PAT APPL'D FOR.
- 365 \_\_\_\_\_ Pair of quick adjust bar clamps: PAT FEB 8, '81 No. 1 6-inch, very good; and a MARTIN'S 3-inch, very good.

- 366 \_\_\_\_\_ Pair of COLUMBIAN PAT. PEND.G C-clamps by the COLUMBIAN HWDE CO. Cleveland Ohio, both very good.
- 367 \_\_\_\_\_ Pair of DEC. 10, 1867? Patent quick adjust C-clamps, one missing the swivel at the end of the stem.
- 368 \_\_\_\_\_ Pair of unusual clamps: one with two pressure points marked STEARNS, quick adjust, very good; and STEARNS 5-inch, quick adjust, good.
- 369 \_\_\_\_\_ Pair of clamps that would attach to the top of a table or workbench, very good.
- 370 \_\_\_\_\_ Four related clamps: PAT JAN 23, 1917.
- 371 \_\_\_\_\_ Three quick adjust bar clamps; one marked MARTIN'S 8-inch, very good; one marked STEARNS 7-inch; and one marked TATUM'S 10-inch, all good or better.
- 372 \_\_\_\_\_ Three similar bar clamps: two PAT. FEB. 8, '81 No. 4; and one marked COLT BATAVIA NY No. 2, very good.
- 373 \_\_\_\_\_ Four small clamps: small brass clamp with padded or rubberized surface inside; and three #1 sized bar clamps; three marked PAT. FEB 8, '81; and one marked COLT BATAVIA, NY, all very good.
- 374 \_\_\_\_\_ Lot of four simple steel C-clamps.
- 375 \_\_\_\_\_ QUICKCET GRAND DUAL GRIP PAT. PEND. C-clamp, very good.
- 376 \_\_\_\_\_ Stanley BEDROCK #608C RT with R&L CO. BEDROCK lever cap, good T-logo blade, nice rosewood tote and low knob, very good overall.
- 377 \_\_\_\_\_ Stanley #8 iron jointer plane, early RULE & LEVEL CO. blade, patent date inside brass adjuster nut.
- 378 \_\_\_\_\_ Stanley #7 iron jointer plane, good BB-logo blade, scuffed but intact rosewood tote and tall knob, will make a very good user.
- 379 \_\_\_\_\_ Stanley #2 iron smooth plane with near new Q-logo blade, fine tote, knob has chip from side otherwise very good, patent date in brass nut, fine overall.
- 380 \_\_\_\_\_ Three Stanley block planes: #65? with nickel plated cap, missing the adjuster screw, otherwise very good; #203 that is missing the cam from the lever cap, and has a cracked knob, good overall; and a #56? with nickel plated cap, adjustable throat, V-logo blade, has owners name in side, very good overall.
- 381 \_\_\_\_\_ Stanley #61 low angle block plane with nice wooden knob, fine unmarked blade, fine overall.
- 382 \_\_\_\_\_ Three Stanley block planes: #61 low angle with nickel plated cap, very good V-logo blade, former owner's name in side, good overall; #120 with six-pointed star in lever cap, good blade, front knob MIA; and another early #120 with six-pointed star lever cap, good blade, good knob, very good overall.
- 383 \_\_\_\_\_ Stanley #81 cabinet scraper with fine nickel plating and good rosewood base, comes with two blades that will need to be cut down if they are to be used in this one.
- 384 \_\_\_\_\_ Lot of seven bench plane blades, and two chip breakers.
- 385 \_\_\_\_\_ Seven chip breakers for #3-size bench planes, all very good.
- 386 \_\_\_\_\_ Lot of 12 assorted block plane blades including a nice WINCHESTER (Sargent) with integral lateral lever; and a #3 sized bench plane chip breaker.
- 387 \_\_\_\_\_ Three bench plane frogs: two for Stanley BEDROCK #603 or 605 1/4 both fine; and a prelateral transitional frog.
- 388 \_\_\_\_\_ Lot of block plane parts including frog for a SIEGLEY plane, repaired 140 lever cap, etc. plus a bench plane lever cap.
- 389 \_\_\_\_\_ Lot of Stanley bench plane screws and six brass adjusters.
- 390 \_\_\_\_\_ Lot 12 bench plane knobs; and four repaired totes.
- 391 \_\_\_\_\_ Plane parts: Millers Patent #41 main body; cam for #45; fence for late #46; depth stop for #45 and several #45 or #55 blades.
- 392 \_\_\_\_\_ Stanley 48-inch mahogany mason's level, all vials intact, very good overall.
- 393 \_\_\_\_\_ Three bait casting reels: PFLUEGER SUPREME; SHAKESPERE No. 1962 SUPERIOR WINDIDING; and a little HENDRYX.
- 394 \_\_\_\_\_ Three wooden plug fishing lures: largest one with glass eyes and having spinner front and back; wooden plug with painted eyes, paint peeling; and a small one with two hooks.
- 395 \_\_\_\_\_ Three bait casting reels: Two MEISSELBACH MFG. TRIPART 580; and one MEISSELBACH MFG. TRIPART 581, all Very Good.
- 396 \_\_\_\_\_ Lot of bench plane parts: three transitional iron frames; a Chaplin's Patent jack plane body; BEDROCK 605 1/2 that has been brazed at the throat.
- 397 \_\_\_\_\_ Mystery tool, an adjustable tool that cuts a shoulder on a round dowel has a radiused blade, made of brass and steel, very interesting.

- 398 \_\_\_\_\_ Wooden apple peeler, would have been cranked with the right hand and used with a hand held razor in the left hand, very well made and nice.
- 399 \_\_\_\_\_ Very nice wooden saw vise with hand forged steel screws.
- 400 \_\_\_\_\_ Unknown make 12-inch steel miter plane, front stuffed with rosewood, rear has beech? replacement stuffing, improper WARD blade from a double iron plane, some chipping in rear of throat and pitting on outside of frame, has restoration potential.
- 401 \_\_\_\_\_ Carved wooden rounder, very good overall.
- 402 \_\_\_\_\_ **Scarce Rust Patent (U.S. 287,584) 8-inch (including overhang) iron smooth plane made by the STANDARD RULE CO., tote has been glued in two places, good knob, very good blade marked with the makers name and the OCT 30, 1883 patent date, a scarce plane in very good overall condition.**
- 403 \_\_\_\_\_ Pair of iron bench planes: Stanley #7 22-inch iron jointer, early body with patent dates in brass nut, good beaded knob, tote broken; and improper STANLEY lever cap with kidney-shaped hole, small chip from left front corner, good usable condition; and an early #6 iron fore plane with good Rule & Level Co. blade, nice rosewood tote and low knob, patent date in brass nut, very good overall.
- 404 \_\_\_\_\_ Cast iron CLARK No. 6 pot with tin lid and having a socketed handle coming out the side, very good overall.
- 405 \_\_\_\_\_ Cast iron egg poaching skillet that will cook seven eggs at a time, very good.
