

SATURDAY MAY 6, 2017 LIST

Humboldt Antique Tool Auction

May 5 and May 6, 2017

Humboldt Fairgrounds

311 6th Ave. North

Humboldt, IA 50548

Preview Friday 2:00 to 3:35 PM

Friday Auction begins 3:35 PM

Preview Saturday 8:00 to 9:35 AM

Saturday Auction begins 9:35 AM

The lots marked TBA will be filled with items taken the three pallets of in-the-rough gear we cleaned out of a Wisconsin barn and then put in storage in Humboldt. Included in this lot will be buggy jacks, barn pulleys, a cast iron body of the cream separator and a wide variety of other antique tools and farm tools. We will lay this gear out in beer flats and individual lots and will number them in order Friday 180-184; 234-250; and 277-290 & on Saturday: 300, 441-449; and 597-625.

- 1 _____ Winchester 3026C wide body jack plane, tote broken in center and needing glue, will clean to very good overall.
- 2 _____ Stanley #92 shoulder plane with light rust on MADE IN USA blade, very good overall.
- 3 _____ Belknap BLUEGRASS iron jack plane, fine except for patch of rust on bottom where it sat on a damp shelf, will clean to fine overall.
- 4 _____ **Scarce Stanley #94 shoulder plane, the biggest one they made, this one is complete and in very good overall condition, just needs a good cleaning.**
- 5 _____ Keen Kutter KK190 iron rabbet plane with very good original blade, nice japanning, complete with depth stop, very good overall.
- 6 _____ Stanley #10 carriage maker's rabbet plane, light rust to exposed surfaces and japanning peeling behind tote, good SW-logo blade, nice tote and tall knob, will clean to very good overall condition.
- 7 _____ Stanley #191 and #192 iron rabbet planes, the 191 has a SW-logo blade, very good overall; the #192 has an unmarked blade, very good overall.
- 8 _____ **Unusual double ended iron block plane with SHEFFIELD blade, some rust, will clean to very good.**
- 9 _____ Pair of Stanley #80 bullnose rabbet planes, one has rust on sole, will clean to very good; the other is also MADE IN USA and is fine.
- 10 _____ Keen Kutter K78 iron rabbet and fillister plane (same as Stanley #78) with original Keen Kutter blade, and depth stop, fence looks like it came from a newer plane, very good overall.

- 11 _____ Stanley #40 scrub plane, light rust on blade and cap screw, good beech tote and tall knob, will easily clean to very good overall.
- 12 _____ Union #43 iron rabbet and fillister plane (same as Stanley #78) with cast cap screw, good original blade and fence, has depth stop but no screw to secure it, very good overall.
- 13 _____ Scarce Stanley #40 1/2 jumbo scrub plane with good T-logo blade, has STANLEY cast into cap screw head, beech tote has been broken and needs glue, good tall knob, very good overall.
- 14 _____ Stanley #180 & #182 iron rabbet planes; the #180 has STANLEY cast into cap screw head, good Rule & Level Co. blade, no depth stop, very good overall; and the #182 has very little japanning remaining, good V-logo blade, no depth stop, will make good user.
- 15 _____ Early Stanley #79 side rabbet with japanned finish, light rust to exposed surfaces, will clean to fine overall condition.
- 16 _____ Stanley #99 left-handled side rabbet plane with intact depth stop, MADE IN USA blade, fine overall.
- 17 _____ Stanley #39 7/8-inch dado plane, missing blade and one nicker, has light surface rust on outside, intact depth stop and lever cap, will clean to very good.
- 18 _____ Stanley #378 weatherstrip rabbet plane with intact fence, both pre stops, depth stop, good japanning, very good to fine overall.
- 19 _____ Preston & Sons bullnose rabbet plane with modern replacement blade, very good overall.
- 20 _____ Embossed QUALITY TOWNLEY METAL & HDWE CO. KANSAS CITY single bit axe head, small chip on one side about 1/2-inch above edge, very good overall.
- 21 _____ Fine Stanley #993 corner brace, complete and about as good as they come. Just need to remove a few old sales tags and it will be ready to use or display.
- 22 _____ Nice embossed STILLETTO single bit axe head, just has some glue residue where a previous sales tag was taped to the face, fine overall.
- 23 _____ Pair of double bit axe heads including a badly pitted BLACK RAVEN?; and one marked M3V2 that will make a good user.
- 24 _____ Unknown make single bit axe head, fine overall.
- 25 _____ **Scarce McClellan Patent corner brace with adjustable breast plate, nice plating, nice rosewood handle, intact chuck, needs an auxiliary handle, fine overall.**
- 26 _____ Two hatchets; the one on top has a rolled steel handle, marked MADE IN U.S.A. on one side of lightly pitted blade, very good overall; and a VAN CAMP embossed hatchet with wooden handle, the embossing is worn but still very good.
- 27 _____ Pair of ratchet braces including ratcheting model with a wrist handle like a Davis, working ratchet and chuck, very good overall; and a PS&W model that needs a good cleaning.
- 28 _____ Small VAN CAMP embossed hatchet head very good overall.
- 29 _____ Pair of ratchet braces: BEN HUR with Lion-type heavy duty chuck, nice rosewood handles very good overall; and a KEEN KUTTER KR6 6-inch with nice rosewood handles, working chuck, very good overall.
- 30 _____ **Unusual OMAHA LCAH embossed single bit felling axe head also marked Personally Guaranteed by Henry Lee, President, sold by Lee, Coit & Anderson Hardware, Omaha, Nebraska, has some glue residue on face where an old price tag was taped on with Scotch tape, fine overall.**
- 31 _____ Nice C.E. JENNINGS Arrowhead Brand 8-inch folding-handle drawknife.

- 32 _____ B&D SPECIAL WARRANTED single bit axe head, very good overall.
- 33 _____ Pair of drawknives: D.R. BARTON 8-inch slightly curved coopers or carriagemakers shave, one handle taped with electrical tape, light rust on blade, will clean to very good; and a G.I. MIX & CO. 10-inch, one of the curved steel butt plates is missing from bottom of one handle, still very good overall.
- 34 _____ Coopers wooden sun plane, blade pitted, body has nicks and chips from edges, good overall.
- 35 _____ Nice blacksmith-made double caliper with name BERT stamped into handle, 22 inches long overall.
- 36 _____ Nice coopers V-croze used to cut grooved in top of barrel that lid would sit in, this one was professionally made and is very good.
- 37 _____ Large 1 1/4-inch wooden screw box, no tap, very good overall.
- 38 _____ European cooper's howell plane by A. McKENZIE ABBERDEEN, complete and fine.
- 39 _____ Unusual blacksmith's rounding tool with steel hinge and curved steel wear plates, wooden handles, nicely made.
- 40 _____ Green River-type wheelwright's traveler, has light rust, intact pointer, will clean to very good.
- 41 _____ Winchester #3025C (Sargent) 14-inch iron jack plane, very good tote and tall knob, fine original blade, fine overall.
- 42 _____ Wiley & Russell manufactured wheelwright's traveler, appears was painted silver at one time, will clean to very good.
- 43 _____ Millers Falls #14 iron jack plane, a few spots of light surface rust, will easily clean to fine overall.
- 44 _____ Lot of four iron block planes: Sargent #217, complete and very good; Stanley #220 with BB-logo blade, very good; early Union 220-type with lever under the cap, nice original blade and knob, fine overall; and a FULTON that is almost identical to a Sargent #217, this one needs a light cleaning, very good overall.
- 45 _____ Pair of iron smooth planes: FULTON #409C with Winchester lever cap and Winchester blade, with light cleaning it will be fine; and an OHIO TOOL CO. #04C with maroon paint in bed and fine Thistle Brand iron, fine overall.
- 46 _____ Five iron block planes: Three Stanley #110 models all complete and very good; a Fulton or Dunlap with a Stanley Two-Tone cap; and an unknown make with corrugated bottom.
- 47 _____ Early Stanley #13 compass plane with solid adjuster nut with 1858 & 1867 patent dates, solid lever cap with square spring, plane has light rust, will easily clean to very good overall.
- 48 _____ Three block planes including nice Fosters aluminum model; UNION #107; and a Stanley H1247 in original green paint, very good.
- 49 _____ Unusual Keen Kutter (Ohio Tool?) KK NO4 with sawtooth logo blade that is normally seen in wooden KK planes, has a K on either side of the knob and NO4 in front of knob, fine tote and knob, fine overall.
- 50 _____ Scarce Millers Falls #7 iron smooth plane
- 51 _____ Keen Kutter #KK4C (Ohio Tool) tote spur missing a few chips, fine knob, very good blade with block & wedge logo; a very good plane overall.
- 52 _____ Late model Stanley #40 scrub plane with extra blade support, nice beech tote and knob, very light rust on BB-logo blade, will easily clean to fine overall.

- 53 _____ Keen Kutter KK4C that is marked KK4 in front of knob, 60 percent plus japanning, nice tote and knob, cannot make out any mark on the good blade, fine overall.
- 54 _____ Winchester #3005 iron smooth plane, very good tote and tall knob, red paint in lever cap has been touched up, very good to fine overall.
- 55 _____ Keen Kutter (Stanley) #K4 iron smooth plane, good blade, nice tote and knob, very good overall.
- 56 _____ Stanley #3C iron smooth plane with adjustable frog, stained hardwood tote and knob, little light surface rust, will easily clean to very good overall.
- 57 _____ Unusual shop-made plane that is either a patternmaker's fillet cutter, or shoemaker's plane for cutting the welt?
- 58 _____ Pair of Stanley 8-inch iron bench planes: #3 with Q-logo blade, nice rosewood tote and tall knob, very good overall; and a Stanley Handyman #H1203 with nice handles that are painted blue, frog painted red, fine overall.
- 59 _____ Stanley #OH4 Two-Tone iron smooth plane with nice blue bed and yellow cap iron and frog, black painted handles, fine overall.
- 60 _____ Fine Stanley #10 carriage makers rabbet plane, early-style rosewood tote has been broken at base and glued, nice low knob, very good Q-logo blade, japanning 90 percent plus, a fine plane overall.
- 61 _____ Pair of ratchet braces: Stanley No. 923 10-inch, complete and fine; and a Yankee No. 2101 with 8.5-inch sweep, very good.
- 62 _____ CHENEY Patent nail holding hammer, very good overall.
- 63 _____ John S. Fray No. 180 Spofford-patent brace with 8-inch sweep, some light to moderate rust, nice tropical wood, will clean to very good overall.
- 64 _____ Pair of forged claw hammers both very good.
- 65 _____ Pair of Spofford Patent braces each with split wrist handles held with pewter rings; one is a FRAY & CO. No. 110; the other is a JOHN S. FRAY & CO. No. 108; both are very good.
- 66 _____ Stanley No. 921 6-inch ratchet brace, very good overall
- 67 _____ Forged gate latch and a serving fork with W. TOUSLEY FURNITURE & FUNERAL SERVICE on one side and A MERRY CHRISTMAS / A HAPPY NEW YEAR on other side, very good.

- 132 _____ Sad iron with integral iron handle marked on side ????? & CO. SENECA FALLS, N.Y., good overall.
- 133 _____ Sad iron with integral iron handle has initials ACW & 6 cast into top, very good.
- 134 _____ Unusual MAHONY TROY NY polishing iron, very good.
- 135 _____ Electric CALOR FRANCE iron, nice wooden handle, good overall.
- 136 _____ Small double ended ASBESTOS SAD IRON with quick release tin top marked PAT MAY 22nd 1900, very good.
- 137 _____ Nickel plated sleeve iron, unknown make, very good.

- 138 _____ Small double ended sad iron with quick release wooden handle, the base is nickel plated, very good.
- 139 _____ Pair of sad irons, both with integral handles; the one on the left has makers name and/or patent info on top but it's hard to read.
- 140 _____ Two 14-inch back saws: SLACK SELLARS & GRAYSON handle has been glued and there are few patches of light pitting on the blade; and an unknown make that is missing one of the 3 screws that secure the handle, handle was broken and glued, will clean to good usable condition.
- 141 _____ Four assorted planes: Stanley Handyman H1247 iron block plane, some light rust; SEARS (Stanley) MADE IN ENGLAND #120 type, will clean to very good; WARDS MASTER (Stanley) 9-inch smooth plane, will easily clean to very good; and a Stanley HANDYMAN jack plane with light to moderate rust.
- 142 _____ Scarce Millers Falls No. 07B skew bladed iron block plane, some light rust, will easily clean to very good condition.
- 143 _____ Three assorted back saws: 14-inch PENNSYLVANIA SAW COMPANY No. 78, very good overall with nice etch on blade; another 14-inch unmarked, very good; and a 12-inch that is unmarked but has a keystone logo on medallion, so likely a Disston product, very good.
- 144 _____ Pair of ratchet braces: PEXTO No. 8010 with heavy-duty chuck very good overall; and an unknown 8-inch model with electric tape round the wrist handle, and some rust, chuck rattles so it may need a new spring to spread the jaws.
- 145 _____ Pair of nail pullers: in front is a BRIDGEPORT NO-64 REX, complete, some light rust, will clean to very good; and a CRESCENT BRIDGEPORT No. 56 SUREGRIP, some light rust, will clean to very good.
- 146 _____ Millers Falls No. 502 corner brace, light dusting of surface rust, will clean to very good; plus another corner brace that has a pitted frame and will need a bit of work to return it to service.
- 147 _____ Pair of nail pullers: THE BRIDGEPORT HDWE MFG CORP, NEW JUMBO 1905, PAT JAN 9 1906, has light rust, will clean to very good; and a No. 515 GREENLEE some light rust, very good overall.
- 148 _____ Unusual hack saw and a SMITH & HEMENWAY CO. INC. ECLIPSE TRADE MARK NO. 13 nail puller, very good overall.
- 149 _____ Fine brass and rosewood awl with steel tip made by a reclusive Ozark craftsman who lives off the grid and makes wonderful items like this with an artistic flare, we don't know if he remains active. This was created about 20 years ago. (Check out lot 151 for another item he made)
- 150 _____ **Stanley #1 miniature smooth plane, early model with BAILEY patent date on chip breaker, nice beaded rosewood knob and tote, good RULE & LEVEL CO. blade, intact overhang under rear of tote, very good to fine overall condition.**
- 151 _____ Fine brass and rosewood line reel for chalk line or plumb bob, made by the same reclusive Ozark artisan who crafted lot 149, this one is pretty and functional too. We hated to separate this from the other piece he made but this way, two different people can potentially each own one.
- 152 _____ Forged scutcher or bricklayer's hammer.
- 153 _____ Set of wooden staves for a small barrel.
- 154 _____ Three assorted braces: No. 102 PAT. FEB. 11, 1878? ratchet brace with Barber-type chuck and tropical wood, very good; Spofford's Patent with pewter rings on wrist handle, very good; and an unknown make that has a screw above the chuck that when turned releases the jaws from the bottom.

- 155 _____ Lot: Yankee No. 41 push drill with three bits inside handle, very good; solid-steel screwdriver like those made by Bridgeport; Millers Falls ratchet screwdriver with cane-type handle, very good; and a No. 30A Yankee with one flat bit.
- 156 _____ Three crude European braces; one with a massive and very crude wooden head.
- 157 _____ Pair of wooden compass planes; one faintly marked A. Howland & Co. & ?? HILL & CO.
- 158 _____ Lot of three braces: PAT. DEC. 30, 1874?, with two selector buttons above the chuck, very good overall; FRAY & PIGG Spofford Patent NOV. ??,???, with iron head, very good overall;
- 159 _____ Three adjustable steel squares: No. 22 Stanley missing the scribe; UNION TOOL CO. with intact level vial and intact scribe, very good; and one marked STAR that is complete and very good.
- 160 _____ Pair of No. 9 hollow and round planes by OHIO TOOL CO., the hollow has some water damage on the toe but both are still usable.
- 161 _____ Lot four outside calipers; and a pair of 9-inch dividers.
- 162 _____ Lot: DUNLAP hand drill with 3-jaw chuck, very good; and an unusual pair of dividers that has a repair to the clamp.
- 163 _____ Lot: 1/2-inch mortising chisel with faint maker's mark, very good; Stanley #25 rosewood handled bevel with 10-inch blade, very good; and another rosewood handled bevel with 8-inch blade and a decorative screw head.
- 164 _____ Pair of T-Augers; a No. 5 marked N. BAILEY KINGSTON, complete and very good; and another that is used in making wooden shoes, comes with wooden blade sheath. According to the web site <http://www.numismalink.com/bio5.html>: "Nahum Bailey, a prolific auger manufacturer in Kingston, Massachusetts, was born in 1793, the son of Eliphalet Bailey and Martha Robinson. In September 1817 he was married to Christiana Drew Washburn, by whom he had several children. He died in October 1876."
- 165 _____ **Unusual brace that secures the bit when chuck is rotated partially, has a repaired head, good overall.**
- 166 _____ Nice D.R. BARTON 1 3/4-inch jack rabbet plane with two knickers and offset handle, complete and very good.
- 167 _____ Early 12-inch wooden gutter plane with fine early handle, has illegible maker's mark on toe, early single iron with corners notched at top, very good overall.
- 168 _____ Stanley #110 iron block plane with 6-point star lever cap, nice knob, V-logo blade, very good overall.
- 169 _____ Stanley 18-inch cast iron plumb & level with Eclipse vial covers, good nickel plating, very good overall.
- 170 _____ Scarce Stanley #40 1/2 jumbo scrub plane with fine SW-logo blade, nice handles, very good overall.
- 171 _____ Unknown make 18-inch cast iron shaft level, all three vials intact, 70-percent plus japanning, very fine pitting on top and bottom rails, good overall.
- 172 _____ Stanley #96 Type I blind nail plane with 1888 patent date in one side and STANLEY in the other, has very light pitting from previous cleaning, good overall.
- 173 _____ Pair of wooden bench planes: OGONTZ TOOL CO 22-inch No. 19 jointer plane with closed handle, very good overall; and an OHIO TOOL CO. No. 17 razee-style 16-inch jack plane, very good.
- 174 _____ Large wooden furniture clamp with nice screw threads, very good overall.

- 175 ——— Stanley #3 Type 11 in original box, plane is very good, box has moderate wear.
- 176 ——— Nice blacksmith's double caliper, complete and very good.
- 177 ——— Early tin cooler with folding handles, made in the 1930s or 1940s in old green paint.
- 178 ——— Lot of 8 fishing & fishing lure books: Universal Fly Tying Guide by Dick Stewart; Collector's Encyclopedia of Creek Chubb Lures and Collectibles by Harold E. Smith; The Treasury of Angling by Larry Koller; Fishing Lure Collectibles by Dudley Murphy and Rick Edmisten; Ice Fishing Secrets; The Complete Fisherman's Catalog; The Heddon Legacy-A Century of Classic Lures by Bill Roberts and Rob Pavey; and The Hunting and Fishing Library
- 179 ——— Norlund vintage spring-loaded fish grabber, these are now illegal to use in several states including Minnesota, this one is being sold as a historic sporting relic only.

- 380 _____ Unusual folding barn-beam boring machine that has brackets at the bottom that allow it to be folded in either direction, comes with one bit, very good overall.
- 381 _____ Unknown make hand-cranked corn sheller in old red paint mounted to a board, has nubber on one side, very good overall.
- 382 _____ Pair of drawknives: one is fixed handle with 9-inch blade; and another with rotating handles that is missing one of the wooden handles.
- 383 _____ Four Stanley #45 plane parts: one fence and three sliding sections, all very good.
- 384 _____ C. CHENEY & SON MANILUS NY AJAX mower knife (sickle bar) grinder (missing stone) by PATD AUG. 1, '16, very good overall.
- 385 _____ Lot of six assorted wooden clamps.
- 386 _____ **Lot of steam engine parts: the manifold in the back has three knobs on one side and a sight glass, so perhaps would indicate how much oil or water was in a given tank; four of the five items in front look like flue cleaners; another is an elbow. These and the items in lots 388 and 390 were all found on shelf in a barn and were labeled Steam Engine parts.**

- 387 _____ Cooper's skew bladed howell with handle, very good overall.
- 388 _____ Three steam engine parts including on top a fly ball governor with stand, shaft and pulley; a piece that looks like a magneto; and a shaft with two pieces that have roller bearings on them. These and the items in lots 386 and 390 were all found on shelf in a barn and were labeled Steam Engine parts.
- 389 _____ Lot: unusual double sided saw with composite handle, very good; auto valve grinder; small nickel plated riveting? hammer; and a stitching needle.
- 390 _____ Lot of three steam engine pieces including two fly-ball governors. These and the items in lots 386 and 388 were all found on shelf in a barn and were labeled Steam Engine parts.**
- 391 _____ Zenith double bit axe from the Marshall Wells Hardware Co. of Duluth, Minn. Has light rust but will clean to very good overall.
- 392 _____ Lot: eight ball peen hammers; a straight peen hammer; and a Marsh Fountain Brush from Belleville, ILL, ten items in all.
- 393 _____ HICKORY double bit axe from the Kelley Howe Thompson Co. Duluth, MINN.
- 394 _____ Early Apple Automotive Dynamo Ignitor or Generator, has three holes on top where and ID tag once was.**
- 395 _____ HAINES GAGE CO. nickel plated caliper, very good overall.
- 396 _____ BOSTROM builder's level in original wooden box, the instrument is very good.
- 397 _____ Lot: horse tooth float; forged claw hammer; compound tin snips; and a cobbler's lasting plier with hammer.
- 398 _____ Lot: wooden scraper; Stearns scraper (missing blade), sliding bevel; calking iron; and nickel plated notary stamp, PAT MAR 19, '96, very good.
- 399 _____ Lot: button-hole cutter, crucible for melting lead; wagon wrench; bitstock die holder; stamped steel wire tool (rusty); flat steel wrench; Hawkeye Wrench Co. alligator wrench with thread chasers in handle and having a screwdriver at end of one jaw; small Coes-type monkey wrench; and a book binding tool.
- 400 _____ Porter & Burnham Picture Frame Vise PAT. AUG. 27, 1878 & Canada AUG. 30, 1878, first we've seen and we do not know if it is complete or not. We did not see anything broken or anything repaired.
- 401 _____ Lot: Clay Sheffield scraper; girka folding lock-blade knife; holddown and chalkline.
- 402 _____ Lot: dividers, two open ended wrenches; two pair of NOS stair buttons; two trammels missing their points, etc. Nine items in all.
- 403 _____ Railroad spike driving hammer, very good.
- 404 _____ Hay knife with two wooden handles, good overall.
- 405 _____ Large commercial-type ice chipper, appears to be blacksmith made, very good, and a large smith-made ice? gouge with 4-inch edge, very good.
- 406 _____ Large 4-inch diameter wood auger with worm screw at end and having a socket at end; plus another 2.5-inch auger.
- 407 _____ Large T-handled tapered reamer likely used by a wheelwright to ream wagon wheel axels.

- 408 _____ Small woodworking workbench that likely came out of a school shop, has end vise and chip tray, the chip tray has a square hole in it that someone was probably going to install a pan or something into to catch the chips, trestle has been built up so that it can be used by the average sized adult, good overall.
- 409 _____ Another smith-made ice chisel with 4-inch blade, long handle, very good.
- 410 _____ Long handled adz, has light rust, will clean to very good overall.
- 411 _____ Another long handled adz with light rust, will clean to very good overall.
- 412 _____ Ice grapple with 6-foot handle, very good.
- 413 _____ **Unusual treadle lathe in green paint, may have come from England years ago when the former owner imported two containers of tools from over there. Come with a working treadle, a wooden top with steel bed above it, set up currently for turning wood. Needs a belt and a tool rest, very good overall.**
- 414 _____ Two curved adzes, both have light rust but will clean to usable condition.
- 415 _____ Pair of long handled ice axes, both will clean to very good.
- 416 _____ Pair of potato forks, both will clean to very good.
- 417 _____ Pair of early axes including one with pitted head; and another that looks like I'll have to run by Mick in Australia to tell me about it. It reminds me of a big Gilpin? one he showed a while back.
- 418 _____ Nice Kelley True Temper fireman's axe, will clean to very good overall.
- 419 _____ Unusual smith-made breaking bar with D-handle, these were used in commercial ice harvesting operations to break thru the ice after it was scribed by the plow; and a small broad axe.
- 420 _____ Pair: long handled pickeroon, very good overall; and a hammer with spike coming off the back, hammer portion has been badly abused.
- 421 _____ Long handled ice axe very good; and a long handled pickeroon, very good.
- 422 _____ New old stock Zenith axe handle with intact paper label, very good; and a smith-made pipe tong.
- 423 _____ Pair of reaping scythes, both complete and very good.
- 424 _____ Pair: Grubbing hoe and adz with handle taped with duct and electric tape.
- 425 _____ Late model Stanley #75 bullnose rabbit plane in blue japanning in a very good yellow Stanley box, comes with a HOW TO USE STANLEY SPECIALTY PLANES booklet, a new plane in a fine box.
- 426 _____ Three sharpening stones in original boxes: CRAFTSMAN #6450 3-inch by 5/8-inch round stone, very good; PIKE INDIA No. 24 Combination stone 4 1/2 X 1 1/2 x 5/8 inches, very good; and a CRAFTSMAN Silicon Carbide Knife Sharpener, very good.
- 427 _____ Stanley No. 2 level sights for iron levels in original box, complete and very good.
- 428 _____ Early Stanley Type I miter square with 11-inch blade, rosewood stuffed iron frame, good overall.
- 429 _____ Unusual STANLEY TEST BLOCK FOR PHILLIPS SCREWDRIVER wooden block with seven different sized Phillips screw heads in the top, very good overall.

- 430 _____ Lufkin 75-foot H435 Ni-Clad "Royal" steel tape measure in original box, tape and box are fine.
- 431 _____ Stanley #4 trammel points in original box, a new set of trammel points in a fine box.
- 432 _____ L.S. STARRETT No. 530 steel 50-foot tape measure in original box, very good tape in a good box.
- 433 _____ Stanley #208 level glasses in original pasteboard box and packed in saw dust,
- 434 _____ Stanley #47-050 (1050) CHALK-O-MATIC chalk line in original box, box and chalk line are both very good; plus a Craftsman No. 9-3940 BUTT GAGE in original box, complete and fine.
- 435 _____ Stanley #100 tail handled block plane in original box, plane is fine with SW-logo blade, a fine to near-new plane in box that has tape run around the top to hold it together.
- 436 _____ Lot of three expansive bits all in original boxes: STANLEY HANDYMAN No. 128; BRUNO No. 200-B; and a GREENLEE NO. 3, all are fine.
- 437 _____ Stanley HANDYMAN H1204 9-inch iron smooth plane in original corrugated cardboard box with fine label, a new-new plane in a very good box.
- 438 _____ Two PATENTED COUNTER BORE tools both made by the Connecticut Valley Mfg. Co.; one is a 1/2-inch and one is a 3/8-inch, both are fine overall in very good boxes.
- 439 _____ Later model Stanley #79 side rabbet plane in original box, a later model plane in fine overall condition in a yellow box that is very good.
- 440 _____ Lot of four boxed tools: Starrett No. 475 screw pitch gage Positive Stop, very good overall; S.W. CARD three high speed taps in a wooden box with sliding lid, all very good; No. 636 3/8 x 3/8-inch hollow chisel MADE IN USA fine; and a Quick-Set No. 649 size B reamer that reams 17/32 to 19/32 inch, very good.
- 441- _____ TBA**
- 449 _____**
- 450 _____ Rare set of eight THE MODERN CARPENTER AND JOINER AND CABINET MAKER A COMPLETE GUIDE TO CURRENT PRACTICE, dated 1903, prepared under the editorship of G. LISTER SUTCLIFFE Architect. These have some foxing but are in very good overall condition.**
- 451 _____ Pair of original hardware catalogs: I. SORBY 1938 Edition Price List TURNER, NAYLOR & CO. LTD., cover peeling off the spine, inside is very good; and Woodworkers' TOOLS AND MACHINES CATALOGUE No. 25 of RICHARD MELHUISE LTD, Tool and Machine Merchants, very good overall.
- 452 _____ Pair of original hardware catalogues: 1938 William Marples & Sons Sheffield "Shamrock Brand" Tools, complete and very good; and Woodworkers' TOOLS AND MACHINES CATALOGUE No. 25 of RICHARD MELHUISE LTD, Tool and Machine Merchants, some wear to covers, very good overall.**
- 453 _____ Original THE CARPENTER and JOINER STAIR BUILDER AND HAND-RAILER by Robert Riddell, inside page has William Gunson His Book Northampton 24. 8. 81, profusely illustrated, complete and very good.
- 454 _____ Four tool or trade-related books: PROFESSIONAL SMITHING by Donald Streeter, very good; CANEWORK by Charles Crampton, has torn dust jacket, inside very good; Timber Construction Manual, some cover soiling; and The History and Practice of Woodcarving by Frederick Oughton, with dust jacket very good.
- 455 _____ The Modern Carpenter & Joiner three volume set, all hardbound, VOL III has small tear in spine, others with cover soiling, insides are very good.

- 456 _____ Four books: Saw-Mills Their Arrangement And Management by Bale, very good; The Church Organ by Noel Bonavia-Hunt, good; Secrets of Green-Sand Casting by 1983 reprint of a 1906 original, very good; Green Timber On the Flood Tide of Fortune in the Great Northwest by Thomas Emerson Ripley.
- 457 _____ Five books: Lost-Wax Investment Casting by C.W. Ammen, very good; The Complete Handbook of Sand Casting by C.W. Ammen;
- 458 _____ Three books: British Plane Makers from 1700 by W.L. Goodman, very good; The Practical Wood Turner by F. Pain with dust jacket, very good; and Wood Handbook No. 72 dated 1955 by U.S. Department of Agriculture, soiled covers, good inside.
- 459 _____ Lot of nine Woodworker Annual books: VOLS. 77 (1973), 78, 79, 80, 81, 82, 83, 84, & 86 (1982). All are complete and very good.
- 460 _____ Four books: Wood-Working Machinery by J. Sagar & Co. LTD Saw Mill Engineers Halifax, England, very good; Plastics Problems and Processes, very good; Capotosto's Woodworking Wisdom; and Lampmaking by Bruce W. Murphy and Ana G. Lopo.
- 461 _____ Three books: The Furniture Doctor by George Grotz, very good; Woodwork, Third Edition by G.W. Brazier and N.A. Harris, very good; and Principles of Educational Woodwork by C.L. Binns and R.E. Marsden, reprinted in 1912, some cover soiling, inside very good.
- 462 _____ Three books: The Farmers Magazine VOL II: Monday January 12, 1801, the spine is peeling, good inside; The Amateur Mechanic A Practical Guide for the Handyman VOL II, covers soiled, inside, good; and Fairbanks, Morse & Co. Saint Paul, 1919-1920 Catalog S.P. 101 soiled covers, has windmills, weighing scales; well pumps.
- 463 _____ Three books: The Modern Steam Car and its background by Thomas S. Derr; Roof Framing by H.H. Siegele; and BRITISH CRAFTSMEN by Thomas HENNELL.

Wilson, with worn jacket, very good overall; The Home Cabinetmaker by Monte Burch, very good.
- 474 _____ Four books: Bench Work in Wood by Goss Reprinted by MWTCA in 1997, very good; Joinery And Carpentry Volume IV, second edition reprint, very good; A Manual of Fret Cutting and Wood Carving, cover separating at spine and has rusty staples that have bled rust onto the pages; and SAWS Design Selection, Operation and Maintenance, very good.
- 475 _____ Three assorted hand saws including one with a steel plate and raised brass nuts, has broken handle spur, good overall; one
- 476 _____ Johnson Level & Tool Co. ADJUST-A-SQUARE U.S. PAT. 4,525,933 adjustable aluminum bevel square that can be locked into a number of standard positions, fine.
- 477 _____ EMPIRE 48-inch aluminum plum and level No. 43541, complete and fine in original plastic box with cam-locking cap, fine.
- 478 _____ Wooden and brass pad saw with boxwood handle, owner A. KENNEDY stamped name at least twice, very good overall.
- 479 _____ Pair of hand saws: 26-inch good overall; second one with pitted steel plate on one side and having decorative raised nuts on both sides, good overall.
- 480 _____ Pair of wooden cooper's planes: croze with steel wear strips, has some cracking where someone tried to drive out the post, very good; and a wooden howell;
- 481 _____ Large pair of 7-foot ice tongs, with massive wooden handle, largest pair we have seen or sold. Likely came with the horse drawn ice plow in lot
- 482 _____ Pair of wooden coopers planes: a post croze and a howell, both from a European cooperage, blade in the howell has some rust, both are very good overall.
- 483 _____ HILGER WATTS'S AUTOSET LEVEL in original tin box with set of legs rods and targets.
- 484 _____ Six larger wrenches including S-shaped; spud wrench, etc.
- 485 _____ Lot: hog tongs; IHC G3866 S-shaped; unknown 767; pitted BLACK HAWK; "Lucky Leven" multi wrench that is cracked thru the center opening on one side; IHC P1599; and unknown 379 with hammer. All have light to moderate rust.
- 486 _____ Lot: S-handled open end wrench; Universal Hubcap wrench by the RIGHTUSE CO. MPLS MINN; pair of nippers; offset hex; unknown 17-inch with square opening at one end, and small square box below the open end, rusty; an offset buggy type; and two more offset hex wrenches, eight items in all.

- 487 _____ Dutro Patent door jack or door holder (U.S. Patent No. 830,980) issued to Samuel B. Dutro of Mason City, Iowa, needs spring replaced, will clean to very good overall.
- 488 _____ Unusual airtight military box, measures 25 1/2 x 16 1/2 x 12 1/2 has spring loading handles on both sides, and is set up for stacking, very good overall.
- 489 _____ Wooden crate full of leather and assorted tools, measures 24 1/2 x 16 x 12-inches.
- 490 _____ Lot of four T-augers including two with patented handles.
- 491 _____ Large ice tongs with 60-inch wooden handle, very good overall.
- 492 _____ Unknown purpose adjustable double roller with nice paint job and having gold pin striping, very good overall.
- 493 _____ Little AMERICAN trimmer for lead type Pat. May 22, 1900, will clean to very good overall.
- 494 _____ OHLEN (saw) GUMMER COLUMBUS (Ohio?), appears to be complete and very good.
- 495 _____ Unusual H.B. ROUSE & CO. Chicago U.S.A. cutter for truing up leather type, very good japanning, nice wooden handle, very good overall.
- 496 _____ Power or kick wheel that would have powered such things as early dental drills, needs a good cleaning and oil but will clean to very good.
- 497 _____ Large pair of log or ice tongs 36.5 inches long overall, handles connected by iron rings and length of chain very good.
- 498 _____ **Scarce ice plow 60 1/2-inch blade 91 inches long overall with plow-type handles for steering, one handle is broken, can be restored to very good overall condition with new set of plow handles.**
- 499 _____ Wooden cabinetmaker's tool chest measures 37 x 19 x 19 has folding iron handles on each end, now trays or tills and no runners that trays or tills would have sat one, very good overall.
- 500 _____ Large set of carving tools in hard shell case.
- 501 _____ Yankee No. 135 ratchet screw driver in original box with two flat-bladed bits, a very good screwdriver in a worn box.
- 502 _____ Hook Scraper No. 75 in original pasteboard box, very good overall.
- 503 _____ United Shoe Machinery Corp. KLEAN KUTT shoe nails, very good.
- 504 _____ DIAMOND K16 pair of 6-inch slip-joint pliers, fine in original box that is very good.
- 505 _____ Pair of Stanley tools: No. 199 trimming knife or box cutter slightly worn original box, and No. 373 1/2 BUTT MARKER very good.
- 506 _____ Stanley #271 miniature router plane in original box, complete and fine, box is lightly worn and coming apart at the edges.
- 507 _____ Unusual No. 711-08-05 Stanley Saw Edge Divergent Corrugated Nails in original box 100 pieces.
- 508 _____ Three misc. tools: scratch awl with crude rosewood handle and brass ferrule; MECHANIC'S PAL tape measure; and a rosewood handle bevel with 8-inch pitted blade.
- 509 _____ Pair of unusual pliers: BLUE BIRD No. 12 specialty pliers; and a 5 1/2-inch pair marked shoe pliers.

- 510 _____ Unknown make jointer gage or fence for iron planes, complete and very good overall.
- 511 _____ Pair of braces: Spofford Patent complete and very good; and a BARBER'S PAT'D MAY 24, 1864 with interesting repair to top handle.
- 512 _____ Wooden jointers mallet, very well made
- 513 _____ Pair of light duty braces: one has a normal chuck shell with jaws; the other holds the bit with a screw, both very good.
- 514 _____ Five Stanley "Everlast" chisels, the smallest is marked O.V.B., all very good.
- 515 _____ Pair of blacksmith made braces: one with clunky wooden pad holds bit with set screw; and one with iron handle is a friction fit.
- 516 _____ Lot of five assorted screwdrivers including two with flat blades.
- 517 _____ Pair of bit braces: smaller one holds bit with set screw; and one hold bit with a sliding tab that engages a notch on the bit tang.
- 518 _____ Early Stanley #23 transitional smooth plane with solid brass adjuster nut, early beaded knob, very good, L.BAILEY and patent date on blade and on chipbreaker, the spring on the back of the solid lever cap has been replaced, logo on toe is very faint, good overall.
- 519 _____ Pair of braces: KEYSTONE THE WAIVES MFG CO. ratchet brace, very good overall; and an unusual screw-holding brace marked PAT APPL'D.**
- 520 _____ Mystery plane-like tool that has a wooden stock that has five inline throats with one being occupied with a skewed blade and crude wedge, stock is made of oak and has a brass plate covering the right side, unusual.
- 521 _____ Pair of bit braces both using screws to secure the bits.
- 522 _____ SsS SIEGLEY #4 iron smooth plane, complete and very good.
- 523 _____ Pair of 14-inch ratchet braces: PEXTO #8014C with SAMSON chuck, needs light cleaning, very good overall; and a Stanley #923 14-inch that has surface rust, will clean to very good.
- 524 _____ Winchester #3004 iron smooth plane, the red paint on the lever cap and highlighting the Winchester name in the bed has been enhanced, complete and very good.
- 525 _____ Lot of five assorted ratchet braces: Yankee #2101 10-inch BELL SYSTEMS, very good; ENDERES #3 12-inch, very good; one with heavy duty chuck but torn up ratchet mechanism; MOHAWK #1710; and PS&W #2010 with top handle that is chewed up around the outer edge, otherwise complete and very good.
- 526 _____ Millers Falls #14 iron jack plane has light surface rust to the exposed surfaces, will easily clean to fine overall condition.
- 527 _____ Five assorted ratchet braces: Stanley #945 10-inch; WARDS MASTER; PS&W? 10-inch, needs cleaning; FLETCHER RH; and a Millers Falls that someone must have spilled a bucket of white paint on.
- 528 _____ Pair of iron jack planes: Keen Kutter KK5C, dirty but complete, tote spur has been shortened, good low knob, good original blade, will clean to at least good overall; and a Stanley #5 with BB-logo blade, tote broken in center, good tall knob, will clean to very good usable condition.
- 529 _____ Four assorted ratchet braces: KEEN KUTTER that is coated with clear lacquer; JULY 9, 1895; STEMOR ratchet brace; and a PS&W 12-inch.

- 530 _____ Stanley #5 1/2 iron wide body jack plane, japanning peeling at the toe scuffed but intact rosewood tote and tall knob,
- 531 _____ Six assorted tack hammers incl. C.S. OSBORNE; and two Stanley 602 models.
- 532 _____ Sargent #418C iron fore plane with nice elongated spur on mahogany tote, nice tall knob, light rust on side and sole, needs cleaning but will clean to very good.
- 533 _____ Three hatchets: broad hatchet and two lathing hatchets.
- 534 _____ Ohio Tool #06 iron fore plane, nice globe-logo blade, very good overall.
- 535 _____ Three metalworking hammers; the center one has a V-notch machined into the rear side of the head.
- 536 _____ Winchester #3030C iron fore plane, nice rosewood tote and tall knob, nice proper iron, needs cleaning but will easily clean to very good overall.
- 537 _____ Four ball peen hammers incl. new BLUE GRASS 8-oz.
- 538 _____ Ohio Tool #328C iron jointer plane, good tote and low knob, nice OHIO TOOL THISTLE BRAND blade, a few patches of light surface rust, will clean to very good overall.
- 539 _____ Unusual hand axe with rounded handle, looks similar to a trade axe, some light rust on blade, will clean to very good.
- 540 _____ Stanley BAILEY #8C iron jointer plane, good SW logo blade, nice early-style tote and low knob, needs light cleaning, very good overall.
- 541 _____ Three assorted roofing hatchets.
- 542 _____ Four iron block planes: early Stanley #102 with “football” logo, very good; early Stanley #103, very good; unknown make #102 with number faintly cast into rear of bed, unmarked blade, very good;
- 543 _____ OGONTZ TOOL CO. OGONTZ PA roofing hatchet, very good overall.
- 544 _____ Four iron smooth planes: Handyman #H1204 with gray bed and black painted handles, will clean to very good; FULTON #3-size with decal still on tote, fine overall; unknown make No. 3 with WITHERBY blade, fine overall; and a SARGENT #408, top of blade has been hammered on when someone tried to use it as a chisel, stained hardwood tote a replacement, good tall knob, very good overall.
- 545 _____ Four assorted block planes: unknown make #103-type, will clean to very good; AMERICAN TOOL & FDRY CO. needs cleaning; late Stanley #102 with aqua colored cap; and a pressed steel model that may be a Stanley product.
- 546 _____ Three iron smooth planes: cheap PEXTO with pressed-steel frog; MERIT TOOLS #5277 (Montgomery Ward), complete and very good; and a UNION #4, complete and very good.
- 547 _____ Three #130 double ended iron block planes; one Stanley #130 has as stripped cap screw, but is otherwise OK; one has a faint NEW YORK company logo on the blade and Sargent-type knob held with a screw, very good; and the last is a very good Stanley with SW-logo on blade.
- 548 _____ WINCHESTER #3205C 9-inch smooth plane, nice tote and tall knob, nice original blade and lever cap, with light cleaning, this one will be fine.
- 549 _____ Pair of Stanley iron rabbet planes: #190 is complete with depth stop and fine overall; and #191 has a depth stop but no screw to secure it, SW-logo blade, very good overall.

- 550 _____ Pair of hand drills: Nice Millers Falls No. 2 with bits inside handle and working 3-jaw chuck, missing the little auxiliary handle, fine overall; and a Stanley #624 with orange gear wheel, black paint is peeling off the handle, intact 3-jaw chuck, very good overall.
- 551 _____ Union #6 fore plane with nice beaded knob, small splinter from side of tote spur, nice japanning, very good overall.
- 552 _____ Three smaller hand drills: Millers Falls #77 complete and very good; Goodell-Pratt that has an intact chuck but the threads on the shaft need to be chased for the chuck to function properly; and a late model Millers Falls with black handles, working chuck, fine overall.
- 553 _____ Lot of three ENDERES OAK LEAF layout tools: sliding bevel with rosewood handle, 6-inch blade, very good; try and miter square with 6-inch blade, rosewood and brass handle blued blade, fine overall; and a 9-inch try and miter square with rosewood and brass handle, light rust and pitting on blade, good overall.
- 554 _____ Unusual Union Tool Co. #5A wide body 15-inch iron jack plane, tote broken and glued, most japanning gone; good blade, good knob, lever cap marked 2 1/4 on back, has some rust and will likely end up with some mild pitting when fully cleaned, good overall.
- 555 _____ Keen Kutter sliding bevel (similar to Stanley #18) with 6-inch blade, nice nickel plating, very good overall.
- 556 _____ Stanley #4 1/2 wide body smooth plane, one patent date in bed, decal on left side of nice rosewood tote, has some light surface rust, will clean to fine overall.
- 557 _____ Unusual pair of 6-inch Keen Kutter dividers, complete and fine.
- 558 _____ Stanley BEDROCK #604 RT smooth plane, good SW-logo blade, nice rosewood tote and knob, proper STANLEY R&L CO. BED ROCK lever cap, very good overall.
- 559 _____ Sargent #415 wide body 15-inch jack plane with nice beaded knob, nice refinished tote, very good original blade, very good overall.
- 560 _____ Unusual and fine KEEN KUTTER double beam marking gage marked on the head with the block and wedge logo and on the beam E.C. SIMMONS KEEN KUTTER, fine nickel plating. First we can recall seeing of this model.
- 561 _____ Stanley BEDROCK #603 FT some pitting on SW blade, good rosewood tote and scuffed but intact tall knob, tote has 25 stamped into it, so it probably came out of a school shop, proper BEDROCK lever cap, light rust on sides and bottom, will clean to very good overall.
